# All-Time Leading Owners

## By earnings

The owners on this list are based on their records as "performing" owners (the record owner at the time of the race). Prior to 1992, AQHA did not maintain the records that way. If the horse was sold, the record went to the new owner and was not tied to the performing owner. For daily updates of 2012 leaders, visit *Q-Racing Online* at *www.aqharacing.com*. (SW) indicates the number of stakes wins. (SP) indicates the number of stakes placings.
