Beauty Secrets Revealed!

Rachel Bradbury
Publisher

Once again this year, we are so excited to bring you the best of beauty in central Arkansas! We surveyed the readers of *Little Rock Soirée* and *Arkansas Bride* and sorted through HUNDREDS of their recommendations to determine the most highly recommended beauty professionals in the area.

Imagine having a network of more than 500 savvy ladies to call on when you're thinking of trying a new stylist or product. Well, now you do! In *Little Rock Beauty Black Book*, you'll find a compilation of our readers' beauty endorsements — as well as special makeup and skin care

featurettes that will inspire you to try some of the new and amazing beauty products and services offered right here in central Arkansas.

One of my favorite things about this edition is the "In Her Beauty Bag" profiles on five of Little Rock's naturally beautiful (inside and out) women. We just loved discovering what they use for flawless makeup, great hair and glowing skin and sharing it all with you within these pages (below, I, too, share my secrets).

So, after you're done peeking inside our makeup bags, continue reading to discover all the great things in this edition. You're sure to find the next great stylist, treatment or product to round out your beauty arsenal.

Rachel Bradbury

Six beauty wonders worth the investment

Obagi-C Rx System - C-Clarifying Serum

Available at Advanced Aesthetics of Arkansas

This is the first and only 4 percent hydroquinone and Vitamin C serum with L-ascorbic acid Vitamin C. It's made to penetrate the dermal layers to reduce melanosome activity while promoting more even skin tone and providing potent antioxidant therapy.

WHO SAYS?

Wanyette Traub, art director for Arkansas Bride

"The clarifying serum has made the most noticeable difference to my face, especially in terms of repairing sun damage and dark spots. My skin is so much lighter now, that I can finally go without makeup when I want to. It's expensive, yes, but worth it."

NuFACE®

Available at Glo Limited

In a recent clinical study, 85 percent of users experienced improved contour, 73 percent experienced improved tone and users experienced a reduction in fine lines and wrinkles after 30 days of consecutive use.

WHO SAYS?

Sherry Booles, Acxiom Global Marketing

"After using it every day for about three months, my skin was lighter, my wrinkles less visible and it improved puffy areas. It truly makes me look younger and more radiant."

La Prairie Essence of Skin Caviar Eye Complex

Available at B. Barnett

Skin caviar gel rapidly penetrates the delicate skin surrounding the eyes to instantly firm and smooth, and minimize puffiness and sagging. Just a small amount daily acts as a mini eyelift.

WHO SAYS?

Kerry McCoy, president of Arkansas Flag & Banner

"The Skin Caviar is lightweight, clear and is great to layer with, so you can use it as a base and add on from there. It's skin-tightening, too — great for crow's feet!"

Skin Medica TNS Recovery Complex

Available at Lasercare Skin Clinic

This unparalleled gel uses the highest level of a combination of growth factors (FGF) to clinically proven to soothe skin tone and texture, strengthen elasticity and minimize the appearance of wrinkles. Its potent growth factor blend improves the appearance of fine lines, wrinkles and the overall tone and texture of skin (among other benefits).

WHO SAYS?

Rachel Bradbury, publisher of Arkansas Bride

"This product completely changed my skin. It reduced fine lines, shrunk pores, reduced redness, made it baby soft and increased firmness. Within three weeks I could tell a dramatic difference!"

LATISSE®

Prescription only

LATISSE® is the first and only FDA-approved prescription treatment for growing super long eyelashes. It grows them longer, fuller and darker in as little as four weeks.

WHO SAYS? Lindsay Irvin, editor of Arkansas Bride

"My eyelashes don't have a lot of natural curl to them. After two weeks of nightly use, I noticed the lovely curl I'd always wanted, and after a month, I got amazing length. It's worth the Rx price, I promise."

Oribe Dry Texture Spray

Available at Salon Scarlet

This invisible dry hair spray builds in incredible volume and sexy texture. Patented polymers absorb oil at the roots, leaving you with just-styled hair for days (and nights).

WHO SAYS?

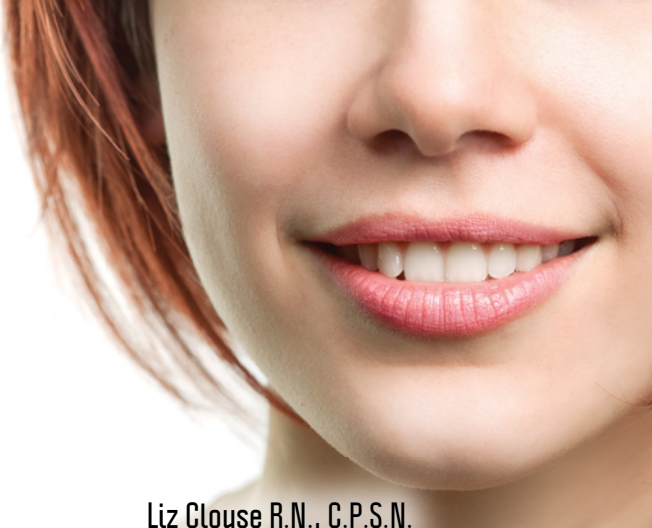

Katie Peek, account executive for Little Rock Soirée

"I use it to get the salon look at home. It gives my hair great texture, adds volume and makes my hair smell amazing. It's also helpful when putting your hair up, because you can use it in lieu of teasing."

what's all the fuss about BB CREAMS?

What does BB stand for? The B's are different depending on the brand, but most stand for blemish or beauty balms, beauty boosters and blemish bases.

What are these balms? These do-it-all creams are skin brighteners, foundation primers, tinted moisturizers, oil minimizers, wrinkle fighters, SPF providers and have antioxidants and botanicals in them.

Are they makeup? These balms aren't a substitution for foundation if you like full-coverage, and they typically only come in one shade. That means the color, although blendable, doesn't work on everyone.

Which are best? Many brands have sold creams like BBs for years. In fact, “BB cream” is more of a buzzword brands are using to capitalize on the growing demand for do-it-all creams. Ask your beauty advisor what they recommend if you want to try an all-in-one cream.

5 BEAUTY TOOLS EVERY WOMAN NEEDS

1) Great makeup brushes

Every couple years, you should be investing in a trusted brand of makeup brushes. If you exercise proper care (clean them once a week), they should last up to 24 months.

We recommend: *Trish McEvoy brushes, available at B. Barnett*

2) Slant Tip Tweezers

Tweezing is painful enough, but with a dull pair of tweezers, it takes longer to pluck unwanted brows and whiskers. A good pair will get the job done (and the pain over with) faster.

We recommend: *Tweezerman Tweezers, available at Glo Limited*

3) Eyelash Curler

Some of us just weren't born with much curl to our lashes, but thankfully, our trusty eyelash curlers (ones that curl, instead of bend) are there to help.

We recommend: *Laura Mercier Eyelash Curler, available at Glo Limited*

4) Beauty Scissors

Beauty and fashion emergencies run the gamut, which is why it's wise to keep a pair of these in your makeup bag at all times. They're great for keeping your brows (and unwanted hairs) trimmed to perfection.

We recommend: *Any with blades that curve away from your skin*

5) Flatiron

Even if you prefer beachy waves to pin-straight, this is a savvy tool to have handy. Once you master the different styles, you'll never go without one.

We recommend: *BaByliss Pro Nano Titanium (goes up to 450 degrees), available at Salon Scarlet*
