TINKER AIR FORCE BASE HISTORY

Photos courtesy of Tinker History Office

Tinker Air Force Base was named in honor of Maj. Gen. Clarence L. Tinker of Pawhuska, Okla. General Tinker lost his life while leading a flight of LB-30 “Liberators” on a long-range strike against Japanese forces on Wake Island during the early months of World War II.

Tinker AFB’s history began in 1940 when a group of Oklahoma City civic leaders and businessmen learned that the War Department was considering the central United States as a location for a maintenance and supply depot. On April 8, 1941, the order was officially signed awarding the depot to Oklahoma City.

During World War II, Tinker’s industrial plant repaired B-24 and B-17 bombers and fitted B-29s for combat.

Throughout the Korean conflict, Tinker continued its output ~ keeping planes flying and funneling supplies to the Far East.

Major Gen. Clarence L. Tinker

The base also played an important role in the Berlin Airlift and the Cuban crises. During the Vietnam War, Tinker provided logistics and communications support to Air Force units in Southeast Asia.

Tinker and OC-ALC began the decade of the 1990s providing front-line support to the forces engaged in Operation Desert Shield and Desert Storm.

In 1999, Tinker was awarded the largest engine repair contract in the history of the Air Force valued at \$10.2 billion over 15 years.

Tinker began work on the F135 engine in October 2012. The F135 engine powers the F-35 Joint Strike Fighter.

The Burlington Northern Santa Fe rail yard was acquired in February 2015 for conversion into the KC46A maintenance campus. On July 26, 2016, leaders officially broke ground on the new campus.

TINKER AIR FORCE BASE MISSION

In late 2011, the Air Force announced an initiative to restructure Air Force Materiel Command from its current 12 center configuration to a new five-center structure. Under this organization Tinker AFB became the host site for the Air Force Sustainment Center. The Air Force Sustainment Center is one of six centers under the Air Force Materiel Command and is the supporting command for readiness. Its mission is to generate Combat Power for America. The center provides war-winning expeditionary capabilities to the warfighter. The AFSC provides operational planning and execution for the Air Force supply chain management and operations and depot maintenance for a wide range of aircraft, engines, missiles, and component items in support of U.S. Air Force missions. It is responsible for operations which span three air logistics complexes, Ogden ALC at Hill AFB, Utah; Oklahoma City Air Logistics Complex; and Warner Robins ALC at Robins AFB, Ga.; three air base wings, 72nd Air Base Wing, 75th ABW and 78th ABW; two supply chain wings, 448th

Supply Chain Management Wing and 635th Supply Chain Operations Wing; and multiple remote operating locations, incorporating more than 40,000 military and civilian personnel. In addition, it oversees installation support to more than 75,000 personnel working in 140 associate units at the three AFSC bases. The center is headquartered out of Bldg. 3001.

Tinker's largest organization is the **Oklahoma City Air Logistics Complex**. It is the largest of three depot repair complexes in the Air Force Materiel Command. The complex performs programmed depot maintenance on the C/KC-135, B-1B, B-52 and E-3 aircraft, expanded phase maintenance on the Navy E-6 aircraft, and maintenance, repair and overhaul of F100, F101, F108, F110, F117, F118, F119, TF33, F135, and F137 engines for the Air Force, Air Force Reserve, Air National Guard, Navy, and foreign military sales. Additionally, the complex is responsible for the maintenance, repair and overhaul of a myriad of Air Force and Navy airborne accessory

Air Force photo by Darren D. Heusel

Air Force photo by Greg L. Davis

components, and the development and sustainment of a diverse portfolio of operational flight programs, test program sets, automatic test equipment, and industrial automation software.

More than 9,400 military and civilian employees work in the OC-ALC comprised of over 63 buildings and approximately 8.5 million square feet of industrial space on Tinker Air Force Base. The complex is headquartered out of historic Bldg. 3001, which covers 62 acres and stretches for seven-tenths of a mile. Within its walls, workers perform a vast array of multifaceted maintenance processes on aircraft, engines, components, and accessories and a multitude of crucial administrative operations.

The 72nd Air Base Wing is the host organization for Tinker Air Force Base. The wing provides base installation and support services for the headquarters, Air Force Sustainment Center, the Oklahoma City Air Logistics Complex and more than 45 associate units assigned to eight major commands, including the second largest flying wing in Air Combat Command, the Navy's Strategic Communications Wing ONE

and several Defense agencies.

From the initial planned site of 960 acres in March 1941, Tinker's physical plant has become by standards a "mega-facility." Today, the base is made up of 5,500 acres with 458 buildings containing more than 19 million square feet of floor space, including 136 acres of indoor maintenance area and 2,254 acres of ramp space, all supported by the 72nd Air Base Wing.

The base is comparable to a city. The 72nd ABW provides essential support services for 26,000 civilian and military assigned to the base and approximately 2,394 contractors, 18,000 dependents and more than 36,000 military retirees and their family members in a six-county area. The wing provides critical base functions including: security, fire protection, medical services, civil engineering, communications and supply, transportation and air field operations. The base also offers a variety of recreational and leisure activities including the Tinker Club, 18-hole golf course, picnic grounds, library, swimming pool, fitness centers and a bowling alley.

Organizations assigned to the wing include: 72nd Medical Group, 72nd Mission Support Group, 72nd Operations Support Squadron, 72nd Comptroller Squadron, Civil Engineer Directorate, Communications Directorate, the Base Chapel, Base Plans Office, Military Equal Opportunity, Judge Advocate, Safety, Inspector General's office, Information Protection and Public Affairs.

Tinker is host to operational missions for the Air Force and Navy as well as several Department of Defense agencies. Shared location and consolidation of these defense missions with the Oklahoma City Air Logistics Complex allows maximum use of technical skills saves money and reduces aircraft down time.

The 448th Supply Chain

Management Wing provides the planning and execution of depot level repairable and consumable spare parts to sustain Air Force Programmed Depot Maintenance operations and over 5,000 operational aircraft and 16,000 engines across the globe. The wing also provides spare parts to sustain a credible and responsive Intercontinental Ballistic Missile capability, a wide-range of support equipment, and Space and C3I systems. The 448th SCMW is a virtual wing without geographic boundaries, operating within three different time zones, which makes it a "one of a kind" organization. The wing, headquartered at Tinker Air Force Base, consists of three Planning and Execution Groups and one Supply Chain Management Group and employs approximately 2,800 civilian and military personnel dispersed at Tinker AFB, Robins AFB, Ga., and Hill AFB, Utah.

The 552nd Air Control Wing

reports to the Twelfth Air Force with headquarters at Davis-Monthan Air Force Base, Arizona. The 552nd ACW is responsible to the commander of Air Combat Command for the operations, maintenance, logistics, training, and combat support of Air Force's opera-

tional inventory of E-3 AWACS aircraft in support of combatant commanders. The wing provides combat-ready theater battle management forces at the direction of the Chairman of the Joint Chiefs of Staff. It operates and supports these forces worldwide ensuring combat capability for all peacetime and contingency operations.

The 552nd Air Control Wing has crews deployed throughout Southwest Asia, Europe and South America in support of on-going Joint Chiefs of Staff-directed contingency operations. Operational E-3 flying squadrons are deployed at Tinker AFB, Okla., and overseas at Kadena AB, Japan, and Elmendorf AFB, Alaska.

Serving alongside the 552nd are the men and women assigned to the **513th Air Control Group**, the Air Force Reserve Command's first airborne Warning and Control Systems organization.

The Navy's Strategic Communications Wing ONE provides a vital, secure communications link to the submerged fleet of ballistic missile submarines. Strategic Communications Wing 1 is also Task Force 124. SCW-1 is an administrative command, responsible to Commander Naval Air Forces for manning, training and equipping the Navy squadrons responsible for Nuclear Command and Control Communications to the nation's nuclear triad. TF 124 is an operational command, responsible to Commander U.S. Strategic Command, to provide the airborne platform and aircrew for the U.S. Strategic Command Airborne Command Post, the Airborne Launch Control System, and the TACAMO EAM Relay missions. SCW-1/TF 124 has direct responsibility over Fleet Air Reconnaissance Squadron 3, Fleet Air Reconnaissance Squadron 4, Fleet Air Reconnaissance Squadron 7, VQ-3 Detachment Travis AFB, Calif., SCW-1 Detachment Offutt AFB, Neb., and VQ-4 Detachment NAS Patuxent River, Md.

The 507th Air Refueling Wing is the largest Air Force Reserve Command flying unit in the state of Oklahoma. The 507th ARW, operating out of Tinker Air Force Base, reports to Fourth Air Force and performs daily missions both locally and around the world in support of Air Mobility Command and U.S. Strategic Command's national emergency war order requirements. The 507th regularly supports overseas deployments in times of peace, war and national emergency. It also supports Federal Aviation Administration flight inspection requirements, as well as C-17, KC-135 – and in the future, KC-46 – training requirements at a geographically separated unit at Altus Air Force Base, Okla.

Today, the 507th ARW consists of three subordinate groups, 11 squadrons and one flight. It employs more than 1,100 men and women. The 507th ARW is made up of citizen Airmen and many live and work in Oklahoma communities, in addition to their reserve

Air Force photo by Tech. Sgt. Lauren Gleason

Air Force photo by Kelly White

commitment in the unit. Approximately 200 members of the 507th are traditional civilian employees or dual status Air Reserve Technicians who serve as a support cadre.

The 507th ARW is one of the more diverse Air Force Reserve units in existence. The wing operates and maintains eight KC-135R “Stratotanker” aircraft, providing worldwide aerial refueling to U.S. military and NATO aircraft. Reservists fly three to four missions daily and offload millions of pounds of fuel in support of operations worldwide. The 507th ARW flies over 4,000 hours annually supporting national defense taskings.

Additionally, the wing serves as the peacetime personnel and support backbone for the 513th Air Control Group (ACC), the Air Force Reserve’s only associate E-3 Sentry Airborne and Warning Control System (AWACS) unit, the 1st Aviation Standards Flight and the 35th Combat Communications Squadron (AFSPC). Expeditionary medical support rounds out the wing to make it one of the Reserve Command’s most valuable assets.

The 38th Cyberspace Engineering Installation Group plans, engineers, and delivers a survivable and resilient infrastructure to establish the cyberspace domain and enables the Air Force to conduct net-centric offensive and defensive air,

space, and cyberspace operations.

The Defense Distribution Depot Oklahoma provides the receipt, storage, issue, inspection and shipment of material, including material quality control, preservation and packaging, inventory, transportation functions and pickup and delivery services in support of OC-ALC and other Tinker-based organizations.

The Defense Information Systems Agency Defense Enterprise Computing Center, Oklahoma City, a combat support agency of the Department of Defense committed to providing enterprise-level information technology support and service capabilities to its mission partners. The agency provides, operates, and assures command and control and information-sharing capabilities and a globally accessible enterprise information infrastructure in direct support to joint warfighters, national level leaders, and other mission and coalition partners across the full spectrum of military operations. DISA is focused on providing enterprise services, unified capabilities, and mobility options to support DOD operations anywhere, anytime. Through enterprise security architectures, smart computing options, and other leading-edge IT opportunities, DISA is the premier provider of IT services to meet the nation’s defense needs.

DIRECTORY INFORMATION

DIRECTORY INFORMATION

The Tinker Air Force Base Telephone Directory is printed by Public Affairs with information obtained from your organization's Telephone Control Officer.

The directory is now also available on the TAFB Web site. Please feel free to send comments or suggestions for improving our service to Public Affairs.

SERVICES

Establishing or Relocating Phone Service:

Organizational Telephone Control Officers (TCOs) can assist you in your efforts to install, relocate, alter or terminate service. To obtain the identity of your organization's TCO, call 734-5582.

Repair Service:

Contact 72ABW/SC at 734-4357.

Please have the following information available:

- Type of trouble (broken receiver, no dial tone, etc)
- Building number, post, room, location and phone number
- Name and extension number of initiator

Enhanced Services:

Some enhanced services such as direct long distance dialing and call pick up groups are not authorized or available on all phones. Your TCO and instrument user guide can instruct you on individual access capabilities.

MAKING CONNECTIONS

ACCESS CODES FOR DIALING OPERATOR ASSISTANCE

DSN.	94

TDD Message Relay Service

Telecommunications Device for the Deaf phone numbers work only when calling from a TDD. If you have a TDD and need to talk to someone who does not have one, the following numbers will assist you.

Dial 99-942-8188 (Oklahoma City)

Dial 99-1-800-522-8506 (Outside Oklahoma City)

DIALING FEATURES

May not be available with all phone models - check with your TCO

Forwarding calls to another TAFB number:

Dial 222 plus seven-digit number

Listen for Stutter Tone to confirm activation

Forwarding call with Answer Option:

To forward your station line after three rings -

Dial 223 plus seven-digit number

Listen for Stutter Tone to confirm activation

Forwarding call - Line Busy

To forward your station line if your line is busy - Dial 227

Listen for Stutter Tone to confirm activation

Call Intercept

To intercept a call within your call group - Dial 225

A call group is a shared group of numbers in an office. This feature allows you to answer other numbers in your group. This option is available by identifying shared numbers via the AF Form 3215. Your TCO will be able to assist you with this.

Cancel forwarding:

Dial 252

Listen for Stutter Tone to confirm cancellation

Cancel forwarding:

Dial 253

Listen for Stutter Tone to confirm cancellation

Cancel forwarding:

Dial 257

Listen for Stutter Tone to confirm cancellation

Voice Mail 739-2465

If you have voice mail and need assistance, first contact your TCO. If this does not resolve your problem, call Telephone Help Desk at 734-3001.

Classified

PHONE SECURITY

PHONE SECURITY

Classified

Classified information should not be discussed or revealed over the administrative telephone system (AFI 33-111). Personnel who make disclosures of classified information during a conversation on a telephone are subject to disciplinary action.

Nuisance Calls and Bomb Threats

Malicious, threatening or abusive calls, including those where obscene or profane language is used, are prohibited. Calls of this nature should be reported immediately to Security Forces by calling 911. Correct procedures for handling a bomb threat (AF Form 440, Bomb Threat) should be posted near each telephone.

MINIMIZE Procedures

MINIMIZE is a condition imposed by a commander to reduce and control electrical and telephone traffic within the commander's area of authority during an emergency or exercise. MINIMIZE may be imposed DOD-wide, Air Force wide, Command-wide or on given countries, states, or areas as conditions warrant. All systems or any portion of the systems may be placed under MINIMIZE by the imposing authority.

Proper Phone Use

The entire Tinker AFB phone system is provided for official use only. Many new features and capabilities have been added and more will be added in the future. This will provide the user with a system which is easier to use and to increase the efficiency of conducting official business. All users should be aware that the type of calls, origination, and destination are monitored on a continuing basis, and some calls are recorded. If this monitoring shows misuse of the system, the information is provided to the abuser's management for appropriate action.

Moving Telephones and associated equipment

Please do not move telephones or associated equipment. This should be done by the Base Telephone Systems O&M contractor who is authorized and qualified to perform these moves. The moving of telephone equipment by unauthorized and unqualified personnel causes damage to the equipment.

Hearts Apart Morale Calls

Is a program that allows deployed member and family to communicate by allowing two 15 minute phone calls per week.

Hearts Apart Morale Calls

Dialing to Deployed Location

1. Dial 405-736-2426
2. Listen to recording and press 1 to make call
3. Press 1 again to allow number entry. Number dialed must first be preceded by entering 94, then dial the number, followed by the pound key (#). (94 xxx-xxxx #)

Deployed call facts

1. 15 mins per call. Time starts when ringing/busy tone is initiated. You should receive a 1-minute warning for automatic disconnection.
2. If you encounter problems, contact the Tinker AFB Airman & Family Readiness Center at 739-2747

Dialing From Deployed Location

1. Dial 312-336-2426
2. Listen to recording and press 1 to make call
3. Press 1 again to allow number entry. Number dialed must first be preceded by entering 94, then dial the number, followed by the pound key (#). (94 xxx-xxxx #)

Deployed Call Facts

1. 15 mins per call. Time starts when ringing/busy tone is initiated. You should receive a 1-minute warning for automatic disconnection.
2. Calls can only be to a local (405) area code, or a toll free number. If you encounter problems, contact the Tinker AFB Airman & Family Readiness Center at 739-2747

DSN FREQUENTLY CALLED NUMBERS

The following listing includes most Air Force activities and frequently called installations of the Army, Navy, Marine Corps, and other Department of Defense activities which may be reached via DSN. A master directory for other installations not listed is maintained in a current status by the base directory operator. Certain installations have direct-in-dialing. This means, if the desired extension number at the called destination is known, it may be dialed by preceding the extension number with the prefix given in the listing below. Prefixes for in-dialing are given followed by a letter for each digit required for the extension number. For example, the in-dial prefix for Langley AFB is 574 for DSN. It is shown below as 574-XXXX, indicating that a 4-digit extension is required. If the desired extension is not known, the calling party must obtain the number from operator at the called destination before placing the call.

Join Our Family

Are you looking for a primary care doctor to become a part of your family?

Then become a part of ours. All of our physicians are board certified in Family Medicine and are dedicated to providing you medical care specifically tailored to you and your family's needs. And, as a part of OU Physicians, we are supported by state-of-the-art technology, research and medical services found at the OU Health Sciences Center in Oklahoma City.

Now offering counseling services through our social worker Catherine Coffey, LCSW.

For an appointment at
OU Physicians Mid-Del Family Medicine,
call (405) 736-6811.

We are conveniently located at
1212 S. Douglas Blvd.
Same day appointments are available.

Celebrating its 75th Anniversary, Midwest City is a vibrant community with a variety of amazing choices in shopping, dining, recreation and of course, hospitality. Plus, we offer year-round special events!

Located in the heart of Oklahoma, our community is your future!

**WHAT'S PREVENTING
YOU FROM GETTING
A HOME LOAN?**

RELIGION
GENDER
NATIONAL ORIGIN
MATERNITY LEAVE
DISABILITY INCOME
RACE

TAKE ACTION AGAINST LENDING DISCRIMINATION.

Some hurdles are expected in the race to purchase a home. But if you feel that you've been denied financing of a home because of race, color, national origin, religion, sex, familial status or disability, or because of the racial or ethnic composition of your neighborhood, that's against the law. Report it to HUD or your local fair housing center.

Visit **hud.gov/fairhousing** or call
the HUD Hotline **1-800-669-9777** (English/Español)

EMPLOYEE PRICING

Fenton Nissan East would like to thank all of our military customers for your past and future business! We appreciate your commitment to our country and would like to show our commitment to you. Right now, all military personnel are eligible for "Employee Pricing." That means you'll pay what any Fenton Nissan East employee pays! It's a small token of our appreciation for all of your tireless efforts. Please visit FentonNissanEast.com to schedule an appointment for this exclusive offer or just simply come by and see us. We're conveniently located within five minutes from Tinker Field. Thanks again, your hard work makes us all extremely proud!
