From our Publisher

After honoring more than 145 winners in more than 45 categories in our inaugural Reading Rankings program in 2017, The Daily Record built upon that success in 2018.

We made numerous changes to the process to improve the validity of the contest and to offer more opportunities for you to participate, including two rounds of voting.

This year we not only asked our readers to vote for their favorite companies but to also help us identify companies to be included on the ballot. We collected more than 1,400 nominations during the process, which ran from March 15 through April 1.

Following the nomination round, the companies that received the most nomination votes were selected to advance to the voting ballot. Voting ran April 30 to May 14 in more than 60 categories.

More than 12,600 votes were cast, and more than 200 winners were selected in more than 60 categories.

The Top Winner in each category was revealed at the Reader Ranking Gala on July 26, 2018 where the top three winners in each category were celebrated.

Winners were chosen in a variety of categories including entertainment, business services, medical, education, law and legal services, real estate and top employers.

Whether you're looking for a great place to entertain clients, an expert who can help you recover inaccessible data, a top-notch educational institution, an entertainment venue or a highly-rated delivery service, there's a business that is highly recommended by other Marylanders who read The Daily Record.

Nominations will open for the 2019 Reader Ranking list in January of 2019 so please participate in the nomination and voting process.

Sincerely,

Suzanne Fischer-Huettner,

LAW AND LEGAL SERVICES

Lawyers are often the first calls individuals, organizations and businesses make upon learning their rights may be infringed or violated. A complex and ever-expanding and changing field, the law and legal services fall into a number of different areas including personal injury, criminal defense, civil litigation, family law and malpractice. Justice may take many different forms, successful mediation, a jury's verdict or a judge's decision, but residents will find a number of passionate legal advocates right here in Maryland.

For over 30 years we have been leaders in the field of Medical Malpractice Law. At Schochor, Federico and Staton, **WE SPEAK DOCTOR®.**

When you think you may be the victim of medical malpractice, it can be a confusing time. Sometimes it may even feel like the doctors and the insurance companies are speaking a different language.

The medical investigators and lawyers at Schochor, Federico and Staton make sense of it all. We've been fighting for the victims of medical malpractice since 1984, and have recovered more than \$1 billion in damages on their behalf.*

MEDICAL

Maryland is home to some of the top medical facilities and doctors in the country and, in some cases, the world. Whether you are looking for help with a short-term medical emergency, require long-term care, or looking for a retirement community, there are a variety of facilities across the state to help with you or your loved ones' needs. You can also manage your own health by joining a fitness center with multiple locations and classes aimed at maintaining overall wellness.

REAL ESTATE

Maryland's residential real estate market is experiencing surging prices as the supply of homes for sale continues to trend well below historic levels. Data from MarketStats by ShowingTime indicate that home prices in Prince George's, Montgomery and the six Baltimore metro area counties increased nearly 3 percent in May 2018 versus the previous year. The median home price statewide increased by 4 percent year over year in May 2018. If you are looking to build from the ground up or just want to buy an existing building, Maryland has plenty of top-notch professionals to help close the deal.

TOP EMPLOYERS

Finding a job that gives you happiness and satisfaction can be elusive. A company's culture can do a lot to help employee morale. Maryland has a wide variety of companies, from small to large, for people to look at while seeking employment. Last year, Maryland saw nearly 7,000 jobs created, according to the Maryland Department of Commerce 2017 Annual Report. That ranks Maryland ninth in the nation for job growth.
