# Dear Chamber Members and Community Leaders

What a time of opportunity in New Orleans! Our business climate and growth of entrepreneurship and small businesses continue to set national standards and top rankings. The arrival of DXC Technology, British Airways, Condor Airlines, Copa Airlines, GE Digital and Accruent all point to a stronger business environment and strategic community investments that are positioning New Orleans as a City of choice to live and work.

Our Chamber is 1,300 members strong and comprised of large, mid-sized and small businesses. These firms, led by women and men of different ethnicities, are laser focused on excellence in their industry. The Chamber embraces our diversity that binds our community together.

The explosive growth of the Chamber is a direct result of listening to and engaging our members in how we can serve them best. We will continue to focus on three key areas:

- **Connect members with leadership roles and networking to increase business opportunities**
- **Build the capacity of entrepreneurs and small businesses to succeed and expand**
- **Improve the business environment through the shaping of public policy and advocacy**

The Chamber's 2018 Directory highlights the strategic plan of the Port of New Orleans (pages 38 & 39). New Orleans is first and foremost a city of international trade. The bold vision of the Port Commissioners and staff is preparing New Orleans 'to exceed the needs of tomorrow'.

We gratefully acknowledge and thank Melissa Gibbs, Business Development & SBE/DBE Outreach, Gibbs Construction, for her vision and leadership as the Chamber's Chairman for 2017. Melissa's steady hand, gracious humor and thoughtful leadership has served our Chamber, our members, and our community as she has set new performance standards for our Chamber. Melissa's transparent leadership and active engagement of the board of directors has raised the New Orleans Chamber to a new level of success in effectively serving its members.

The New Orleans Chamber acknowledges and celebrates our great city's Tricentennial throughout 2018. Your trust is honored and respected. We look forward to boldly addressing the major opportunities and challenges before us to drive economic prosperity in our community.

## Power Breakfast & Lunch

In 2017, the Chamber experienced continued success with the Power Breakfast/Lunch networking series. Both Power Breakfasts and Power Lunches are one-hour sessions that allow attendees to perfect their one-minute “business intros” by presenting to a small, focused group of peers. The event allows time for networking before and after the program. Following the business intros, power attendees can strategically work the room knowing who they would like to connect with!

**We would like to thank First NBC Bank and Fidelity Bank for sponsoring this very important event in 2017:**

## Educational Seminars

The New Orleans Chamber strives to provide worthwhile, educational and business relevant information to our members through educational seminars and workshops. The Chamber partnered with industry specific organizations and local business groups in 2017 to host five sessions catering to small and medium-sized businesses. The Educational Seminar event series is an excellent resource for businesses that cannot afford, or do not know where to look for, professional opinions and ideas.

**We would like to thank our 2017 educational partners for working with the New Orleans Chamber to host these great events:**

## Women's Business Alliance (WBA)

As one of our most popular events, the Women's Business Alliance is the Chamber's monthly women-to-women networking event. This event series brings together business-minded women who not only want to form lasting business relationships, but want to strengthen the community through mentorship and support of women-owned businesses.

**We would like to thank our Women's Business Alliance hosts in 2017:**

## WBA Educational Seminars

In 2017, the Chamber has continued to provide an educational component to the select WBA events by partnering with local women's organizations for WBA Educational Seminars. These events feature panels of esteemed women speaking on topics such as "Perfecting Your Pitch" and "The Power of Negotiating."

**A special thank you to our educational partners for the 2017 Women's Business Alliance Seminar Events:**

## Young Professional Networking Night

The New Orleans Chamber is actively engaging with the Young Professionals (YPs) in New Orleans. ## Partnership Events

As an organization that works to build the city of New Orleans, we partner with various local organizations on special projects and events. These partnerships are formed to bring added value to our members and the community. The Chamber strives to nurture existing partnerships and continually engage with the community!

### Conferences & Tradeshows

We would like to thank the following organizations that partnered with the Chamber to engage Chamber members in their day-long conferences. All of these conferences were filled with valuable opportunities for networking, education and professional development.

### Green Initiative

Building on increased consumer interest in companies with good sustainability practices and the economic benefits of green commerce, the New Orleans Chamber has partnered with LifeCity to host a series of seminars and after-hours events. The goal is to help existing businesses develop and formalize their sustainability strategies and to raise awareness and support of green commerce on local, regional and national levels. The highlight of our partnership with LifeCity is the new annual Love Your City Gala held in January. The partnership not only brings attention to the sustainability movement, but also connects local green businesses with consumers.

### Regional Chamber Networking Event

In 2017, the annual Regional Chamber After Hours Networking Event was held at Rock 'n' Bowl, in addition to the first Regional Networking Night at the New Orleans Baby Cakes game. Seventeen business organizations partnered to bring over 600 business leaders together for two nights of networking. These successful events highlighted the joint effort of these local Chambers to strengthen and connect both large and small businesses in the greater New Orleans region. A special thank you to Rock 'n' Bowl and the New Orleans Baby Cakes for hosting us:

# TESTIMONIALS

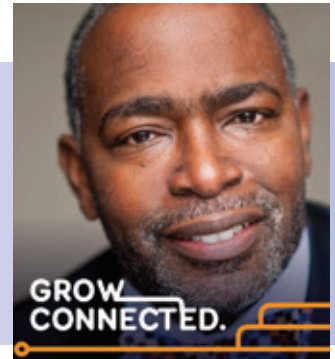

"I decided to join the Chamber, after attending a Women's Business Alliance Educational Seminar about 'Perfecting Your Pitch.' The event was well organized, the room had lots of energy and I received three networking connections for my business! I also appreciated the follow-up after sharing my vision with a few women at my table. Since then, the Chamber has pushed me to make positive changes for myself and my business!"

—Shawntele Green, *Star Automotive, LLC*

"Blue Cross and Blue Shield of Louisiana continually supports the New Orleans Chamber because of the impact that they are making on the New Orleans business community and the region. As a Chairman's Council member, and member of the Board of Directors, we have the opportunity to contribute to the work that supports regional commerce especially small businesses that are the fuel of our local economy."

—Rod Teamer, *Blue Cross and Blue Shield of Louisiana*

"I'm so excited about my Chamber membership and my spending power through the National Chamber Program. With my Office Depot store purchasing card, my big printing order of 450 workbooks, originally priced at \$1,883.00, was discounted to \$323.81."

—Debra Gould, *Debra Gould & Associates, Inc.*

"When I joined the Chamber, I was immediately surrounded by new peers, support resources, networking events and educational opportunities. I've gotten clients through being a Chamber member and I've really expanded my network by going to the events, particularly the Women's Business Alliance events. My membership in the New Orleans Chamber has been the best investment of both my time and money in building my business."

—Tina Meilleur, *Design Your Success, LLC*

"Attending the New Orleans Chamber functions has given me the opportunity to meet many new customers and prospects, as well as rekindle relationships with companies I've worked with in the past. Whenever I meet someone at a function who is not yet a member, they always ask 'Are all of the functions as nice as this?' I feel confident referring businesses to the Chamber because I know their ROI will be almost immediate!"

—Lauri Daunoy, *Cox Business*

"When I joined the Chamber, I wanted to attend as many events as possible to meet new people. I went to a ribbon cutting at The Ruby Slipper Café, and that's where I first met Erich and Jennifer, who own the restaurant chain. Now, my company provides all the IT services for them; we manage all their locations and work with their staff on a daily basis... And if it hadn't been for attending that event, I never would've made this business connection."

—Keith Freeman, *Tech-Mar Enterprises*

In 1937, Jones Walker LLP began as a small law firm in New Orleans and is now one of the largest law firms in the southeast United States. While we've certainly grown and changed over the years, what hasn't changed is our steadfast commitment to our communities like New Orleans and helping our clients meet their legal challenges, whether they are large corporations or small businesses just starting out like we did over 80 years ago.

Perhaps that's why The BTI Consulting Group, which conducts hundreds of in-house counsel interviews to identify the top client service firms in the nation, named Jones Walker to its **2018 Client Service A-Team**.

# Port NOLA FORWARD

A Strategic Master Plan to Exceed the Needs of Tomorrow

## Port of New Orleans launches its Strategic Master Plan to drive the region's economy well into the future

The Port of New Orleans officially launched its Strategic Master Plan in Spring of 2018. Aptly titled “Port NOLA Forward,” the plan is a bold vision to deliver significant, sustained economic benefit throughout the Port’s three-parish jurisdiction — Jefferson, Orleans, and St. Bernard Parishes. This will be accomplished by providing needed infrastructure and seamless logistics solutions that incorporate the industry’s changing needs and exceed customers’ expectations.

“This is more than a maritime plan and it is not just a Port plan,” said Brandy D. Christian, Port NOLA President and CEO and New Orleans Public Belt CEO. “It is your plan – a Gateway Master Plan – a strategic roadmap that can help ensure the region’s prosperity over the long-term across industries, both on and off Port property.”

The Strategic Master Plan positions the Port to think more cohesively about growing its vital maritime and hospitality industries, and to consider the supply chain as a whole by harnessing all available multimodal assets, on and off

Port property, along the Mississippi River and inland waterway system, on the Public Belt and six Class I rail network, and via access to interstate highways.

“Our future will be that of a state-of-the-art integrated urban port with an urban railroad, which enables us to think more comprehensively about freight movement and our multimodal efforts,” said Christian.

**The Port NOLA Strategic Master Plan is a broad and adaptive way forward for the Port, its stakeholders and the entire region. It’s four guiding goals are:**

- **Operate efficiently**
- **Capitalize on Gateway position**
- **Strengthen relationships and connect stakeholders**
- **Develop sustainably**

The plan presents a menu of strategies to optimize current assets and extend the Port’s reach across all business lines. At the plan’s core—and a necessary ingredient for its success—is collaborative partnership with a wide range of stakeholders, broadly defined. Throughout the planning process, the Port invited the participation of its tenants, carriers, customers, Federal, State and local elected officials, economic development and civic leaders, and its

neighbors, residents who rely on the Port for family-supporting jobs.

Ultimately, the Strategic Master Plan will ensure the Port is able to fully harness the potential of the region with clear, wide guidelines to capitalize on its gateway position rather than prescriptive land use mandates.

To learn more about the Port NOLA Strategic Master Plan, please visit the website at [portno.com/masterplan](http://portno.com/masterplan).

**Operate Efficiently**  
Optimize the use of unsurpassed intermodal connectivity to efficiently move cargos to global and inland markets by supporting diverse business lines and land uses capable of adapting to constantly changing market trends.

**Capitalize on Gateway Position**  
As the premier Gulf Coast gateway to Mid-America, capture new markets, expand cargo capacity, and utilize waterfront industrial real estate while enhancing New Orleans as a vibrant experience for cruise and tourism.

**Develop Sustainably**  
Together with our stakeholders and the community, make strategic investments in infrastructure to enable growth and development, ever striving for balance while enhancing the economy, society and the environment.

**Connect and Strengthen Stakeholders**  
The future of Port NOLA is ultimately dependent on the people who make things move: our intergovernmental partners, the cargo handling organizations, the truck drivers, and the people who work at Port NOLA every day. Our planning process and the recommended strategies directly reflect this emphasis.
