# MEADOW

Brought To You By  
INTERNATIONAL  
MARKET CENTERS  
HIGH POINT

Small-scale florals, warm neutrals, and hand-crafted embellishments thrive in MEADOW, a serene space that evokes prairieland dotted with wildflowers. The mood is quaint and romantic, yet travels effortlessly to a metropolitan landscape. In MEADOW, we connect with nature — and the picturesque posts we upload seem to validate our effort. Colors evoke a breathtaking sunset, while finishing treatments are natural and refined, rather than rugged and well-worn.
