Local nonprofit gives back through the gift of scholarships

Did you know that local Monterey County nonprofit IMPOWER helps local girls and women continue their education by providing scholarships? Attendees and sponsors of the three times per year IMPOWER luncheons over the past 11 years – combined with the purchase of raffle tickets and auction items – and grants received from amazing businesses who believe in the work of IMPOWER make these scholarships possible. These scholarships are awarded to local residents which has a direct and lasting impact on our community by enabling people to go after their dreams of continuing their education and achieving their dreams. IMPOWER is excited to announce its most recent award of a \$2,500 grant to support IMPOWER's Scholarship Fund from the Wells Fargo Foundation! Visit www.impower-women.org to learn more or to participate in their next luncheon as a sponsor or guest.

Congratulations Brianna

We are so proud of your
accomplishments.

Graduating from
Cabrillo College now...
off to Western Oregon
in the Fall.

YOU GOT THIS BRI!

Love, Shea, Dana &
Darin (and Romeo &
Rita)

An important message from the Boys & Girls Clubs of Monterey County

An important message from the Boys & Girls Clubs of Monterey County

Along with the rest of the world, the Boys & Girls Clubs of Monterey County (BGCMC) has been closely monitoring the evolving situation with COVID-19. It has brought uncertainty and disruption to the communities served by BGCMC, but their top priority has not changed: the health and safety of the children they serve.

Though the situation around the virus remains fluid, their goal is to continue their mission – to serve the kids and teens who need them the most – both during and after the crisis affecting all of us now.

In the last 9 weeks, the Boys & Girls Clubs of Monterey County has:

- Served more than 11,600

free “grab and go” meals

- Coordinated and staffed the distribution of food boxes for 9,500 families

- Launched an online Club called “Virtually BGCMC” with over 40 hours a week of live-streaming and on-demand programs

- Offered weekly “telehealth” services with licensed counselors

- Enrolled 75 young readers in weekly online literacy intervention classes

And they won't stop there. Soon they will be distributing hundreds of fresh produce boxes to families in need and continuing to enhance virtual programming to better serve Monterey County youth. If you are interested in taking action to support the Club's mission during this crisis, please consider the following:

- Continue to support BGCMC. They need you now more than ever! Our community's kids – and their parents – will be counting on the BGCMC throughout this crisis.
 - Participate in the COVID-19 Family Support Fund. Your gift supports high need youth and families.
 - Continue to talk about the vital work the Club does to your network.
 - Ask your company if they are interested in a matching opportunity to support our efforts.
 - Participate in the #HalfMyDAF Challenge.
- Like BGCMC on Facebook. Share, Click, Comment. Thank you for your continued support and care of the Boys & Girls Clubs of Monterey County. To learn more visit www.bgcmc.org.

Hartnell College to continue all-online instruction throughout Summer 2020

Because of the ongoing public health threat from COVID-19 and expectation that safety precautions will extend at least into June, Hartnell College will continue all-online instruction throughout the Summer 2020 session. They will also continue to deliver a full array of student support services using online tools.

The six-week session will run June 15 through July 25. Hartnell faculty encourages students to further improve their ability to compete in a changing job market, or to accelerate the transfer to a four-year university.

Attention educators, readers, parents, grandparents, local business owners, students, etc...if you missed out on the opportunity to participate in this special section congratulating local graduates, please send us a note at darvig@montereyherald.com and find out about a second opportunity coming up in June 2020!

Thank you for reading the Monterey Herald.

Hats off **YORK SCHOOL** CLASS OF 2020

Junior Golf Association Scholarship Recipients Announced

The AT&T Pebble Beach Junior Golf Association has announced its 2020 college scholarship recipients:

Christian Ayers, Pacific Grove High School, RJ Harper Memorial Scholarship

Richard Black, Cypress Academy, Jim Langley Memorial Scholarship

Joshua Yeater, Monterey High School, Johnny Miller Scholarship

Jackson Lee, Menlo-Atherton High School, Payne Stewart Memorial Scholarship

Brenna Ozel, Carmel High School, Louis Russo Memorial

Scholarship

Irene Jun, Leigh High School, Pebble Beach Company Foundation Scholarship

Each recipient has demonstrated strong character and integrity through their participation in the junior golf program and excelled in academic achievement and community service. These \$5000 scholarships are funded by Cypress Point Club, Monterey Peninsula Foundation, Pebble Beach Company Foundation, Johnny Miller Foundation, and Jim and Linda Tunney Fund through Community Foundation for

Monterey County. The junior golf association has awarded over \$1 million in scholarship funds to 216 high school seniors over the past 29 years. For additional information about the junior golf program, call 831-625-1555 or visit attpbjrgolf.com.

York School class of 2020 celebrates their grads

York School class of 2020 celebrates their grads
York School is celebrating forty-seven graduates this year, all of whom have shown a great deal of resilience, grit, and positivity during this unprecedented time of a global pandemic. York School swiftly and successfully implemented distance learning in March and has made it a priority to remain connected to all students, but especially to seniors. The class of 2020 has missed out on so much this year, the School wanted to make sure the seniors were properly recognized, appreciated, and encouraged during this challenging time. There was a constant social media presence, with special messages dedicated to the class of 2020 throughout this venture, as well as creative virtual, and in-person events.

In mid-May, faculty and staff surprised the seniors with special gift boxes personally delivered to each of them. The boxes included a graduation cap, senior class blanket, celebration cookie, and a personal

note from faculty. Parents and students were touched by this thoughtful gesture.

Traditionally, at the end of the school year, York holds an annual Awards Assembly. The majority of these award recipients are seniors who are recognized for their outstanding academic, athletic, artistic, and philanthropic achievements. This year, this event was held virtually, with the awards personally delivered to each award winner.

The most important event of a student's academic career is graduation. This emotionally charged event is always the highlight for families, students, and faculty. York has postponed in-person commencement until August but wanted to ensure there was a celebration at the end of the school year to give the class of 2020 a sense of closure and recognition. On the day that would have been their commencement, York faculty and staff lined up along the school's decorated driveway, and held up congratulatory

signs, cheering the seniors on as they drove by in their graduation caps and received their final gifts until the in-person commencement in August. York School's 2020 valedictorian, Jordan Goodwin, will address her class at the commencement in the fall.

York School's senior class earned more than 3.4 million dollars in scholarship and merit awards and completed more than 8,500 hours of service in our community. They have been accepted to ninety-four colleges with a hundred percent acceptance rate for the class. York takes pride in maintaining a vibrant community and this has especially been evident during this time of social distancing. While they can't physically be together in class, their tight-knit community of students, families, faculty, and staff have remained connected throughout distance learning. The staff and parents wish the graduating seniors the best and are proud of everything they have accomplished during their years at York School.

Pierce King congratulates all 2020 Graduates and thanks the readers of the Herald for naming our founder

Julie King

Local Realtor gives back to our community

When Amber Russell started Over the Moon Realty, Inc. almost four years ago, she decided to donate 5% of the proceeds from each listing sold to the local high school where the property is located. Since Amber's background is in education, she dedicates these funds to a scholarship she created called Spread Your Wings, supporting local students for spreading their wings and attending an out-of-state college or university. Amber's own daughter graduated from PG High and attended Amherst College in Massachusetts. She really grew from the experience and discovered a new appreciation for home. To contribute to the scholarship fund or to inquire about applying in the future, reach out to the counseling office at your local high school or to Amber directly at Amber@overthemoonrealty.com.

Maria Aiello

Maria Aiello is graduating from the University of San Diego with a degree in political science and business administration. During her time at USD she was an active member of the Phi Alpha Delta pre law fraternity, pi sigma alpha political science honor society, and kappa kappa gamma. She will be attending Santa Clara University School of Law in the fall.

We are so proud of Maria's academic achievements, strong work ethic and future ambition of being a successful attorney!

Nicole Patel

Congratulations! You are a smart and intelligent young lady and I am very proud of you. keep up the good work in school!

Love you,
Grandma Arlene

2020
CLASS OF

Hartnell honors Centennial Class of 2020

Hartnell College will award degrees tonight, May 29, to its Centennial Class of 2020 during a virtual ceremony streaming on YouTube, starting at 5:30 p.m. The class of 1,323 students will receive a combined total of 3,020 degrees and certificates, more than three times as many as were presented in 2012. Alumna Marilyn Long, a Southern California philanthropist, will deliver the keynote address as Hartnell's 2020 Distinguished Alumni honoree.

Superintendent/President Dr. Hsieh will congratulate the graduates and their families and put their achievement in the context of the college's first century. The following is an excerpt from her remarks: "Across 10 decades, students much like you have traveled through time – from the aftermath of World War I and the attainment of voting rights for America's women, through the epic struggles of the Great Depression, World War II and the Cold War, to the strife and social

progress of the 1960s and '70s – and on to the trauma of September 11th and its life-changing aftermath. "In the context of the current public health crisis, which is itself a challenge of historic proportions, you will be remembered as students who made tremendous personal sacrifices for the well-being of others, while holding tight to your educational and career goals." One of this year's 22 Hartnell valedictorians, Trinidad Morales-Garza, is speaking

on behalf of all of this year's graduates: "Hartnell has had a significant impact on my life, and I know you could all say the same. It is here where we have gained knowledge that far transcends the classroom. The opportunities we have been given here are for more than we could have ever imagined. As a stepping stone to our future endeavors, Hartnell has granted us the ability to accomplish our career and academic goals."

Provided photo of Hartnell graduate, Trinidad Morales-Garza

HARTNELLCOLLEGE

Our Centennial Class of 2020!

Congratulations to all 1,323 graduates in Hartnell College's Class of 2020 — our Centennial Class, marking 100 years since our founding in 1920 as Salinas Junior College. You will forever be members of the proud Panther family, and we will always be here in support of your goals and your lifelong learning.

Join our 2020 Virtual Commencement Ceremony

streaming on YouTube beginning at **5:30 p.m. today, May 29.**

Share your celebration on social media, **#Hartnell2020.**

Albert Matei
York School

So proud of all you have accomplished,
and I'm excited for your future!

Hailey I. Jarvis
Monterey High School

We are so
proud of the
young woman
you have
become and
know you have
an amazing
future ahead
of you.

We love you
Mom, Dad and
Gavin.

Michael Culcasi
Palma High School

Grandson — We are happy to honor
you on your graduation and all of your
achievements. We are so proud of you.

We wish you much love as you take your
next step into the future at GCU.

Gma & Gpa Ball

Carmella Enea
Monte Vista Christian

Congratulations to my lovely
great-granddaughter on your
graduation. Keep doing a great
job and always put God first and
he will lead your path.

Love,
Nana Shake

CONGRATULATIONS TO THE CLASS OF 2020 SPIRITS

Jake Fenton

California State University,
Monterey Bay, B.A. in Psychology

We are proud of you and look forward to
your continued success in the future.
All paths are open now that you have
completed your preliminary studies.
We love you.

Ricky M. Alvarez

Everett Alvarez High School

We're very proud of you! You have
accomplished so much! Graduating with
Honors & named Senior Scholar Athlete of
the Year! Best of Luck @ CSUMB!

Love, Your Family

Kyle W. Bend

Monterey High School

We're so proud of your accomplishments:
Robodores Robotics Team
NJROTC Petty officer 2nd class
Leadership 2020

Congratulations!
Mom, Dad, Laura, Mitchell & Rachel

Maxwell Carr

Carmel High School

We admire
your generous
spirit in helping
others. You have
a gentle heart
while being an
accomplished
academic and
athlete.

Much Love,
G.Ma & G.Pa

Carmella Enea

Monte Vista Christian

Carmella, keep up the good work! You are my shining star, my gift from God and my greatest
masterpiece! Thank you for representing our legacy with kindness, compassion and honor!

With All My Love, Mumm

Congrats 2020 CTE Students of the Year!

Mission Trails ROP JPA is a consortium formed by seven districts in Monterey County to collaborate and support the development and sustainability of Career and Technical Education (CTE) opportunities across Monterey County. CTE courses prepare students for college and career. Each year, each district selects a student that stands out from the rest for accomplishments in academic, technical and leadership skills. These students exemplify the impact of our programs in preparing the next generation of leaders in different sectors. We salute excellence in Monterey County! Congratulations to all!

Jaia Linden Engel of **Carmel HS**, a three-time AP Art student, is confident and capable in any medium. Jaia is one of the first students that teachers consider to help in organizing

community building projects. Staff can always rely on her to respectfully and creatively handle any challenge. She designed and silk screened shirts for most campus clubs, events, and organizations.

Andy Garcia Ortiz enrolled in his first CTE course

in 9th grade. He completed both the Systems, Diagnostics, Service, & Repair, and the Cabinetry, Millwork &

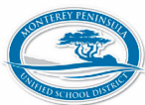

Woodworking pathways at **Seaside High School**. He is always eager to learn more and go beyond the required course work. He looks forward to entering the workforce while exploring career and education options.

Riley Mann of **Monterey High** is a humble, intelligent

and creative visionary with passions for "tinkering" and building. He's built drones for the past year, using them to

record music video footage. Riley's wide range of skills bridge the CTE disciplines of Engineering Design and Design, Visual and Media Arts. Riley will attend UCSC to study Engineering and Robotics.

Luis Heredia stands out as the perfect Engineer.

He got involved with the **Alisal High School** Engineering Academy in 9th grade. He achieved remarkable

academic success in every available Engineering course. He will study Automotive Technology at Hartnell College, then transfer to a four-year university to pursue his dream of becoming an Automotive Engineer.

Kenia Cruz of **North Salinas HS** has all the qualifications that current

employers would want. Kenia enrolled in AG Floral design and AG Floral Business during her senior year. She

plans to attend Hartnell College to study Agribusiness. This fall Kenia will also participate in an internship in an agribusiness company that focuses on soil science.

Danielle Celestine Javier of **Gonzales High School**

represents the best of CTE/ROP. An excellent student, she goes above and beyond to create works of art. She's a

leader in the ROP Broadcast News class, picking up equipment for her team, working outside of class hours to complete interviews and editing and requesting permission to work on special projects.

Ashley Chavez of **North Monterey County HS** is one of the

county's most well-rounded CTE students. This year she studied three CTE Pathways, including Auto Technology,

Welding, and Engineering. She'll attend the University of Montana Western to study Natural Horsemanship & Business Administration, with a goal to pursue professional rodeo barrel racing and start a livestock business.

William Liam Taylor exemplifies CTE. Liam's dedication

to learning all aspects of the ag mechanics pathway earned him Outstanding CTE student for **King City High School**.

He's an active member of King City FFA, earning his State Degree and the Monterey Bay Section FFA Beef placement proficiency. He plans to enroll in the welding certification program at West Hills Community College.

Destiny Rodriguez of **Everett Alvarez High School** is

a model for future leaders in the Health Technology sector. Destiny found her passion for service to others and her call

for her profession while taking the Foundations of Nursing class. She will enroll at Hartnell then transfer to a university to become a Registered Nurse. Her plans are to come back and work in a Monterey County hospital.

Emily Sanchez of **El Puente School** is the face of resilience

and dedication that exemplifies the best of CTE/ROP. Despite adversity in her life, which has had a huge impact on

her academically, she did not allow it to keep her down. She bloomed into a powerhouse of energy and hope, taking every single challenge in her Dental Career class with grace as she strived for excellence every day.

A three year **Marina Higg School** Sustainable Food

Service & Hospitality scholar, **Madelyn Poblete** is dedicated to the craft of baking and pastries. Before, during and

after school she worked to perfect her repertoire of seasonal pies, French macarons, and hearty quick breads. She manages pastry production for the staff coffee cart, an endeavor guided by her work ethic and creativity.

From Culinary Fundamentals through Advanced Culinary Arts

and Catering & Food Service, **Connor Alan Manley** has consistently challenged himself to excel. He's mastered essential workplace skills

in a professional culinary setting and grown personally and professionally through **Central Coast HS's** CTE Sustainable Food Service & Hospitality program. His work reflects his personal and community-held ideals.

Ivan Trujillo completed most of the ag courses offered

at **Greenfield High School**, completing pathways in Agriscience, Animal Science and Floriculture. In the same

year, he raised Heritage animals at both the Salinas Valley and the Monterey County Fair. He earned Floral Design, Plant Science and Animal Science certifications and will study Ag Ed at Fresno State.

Carlos Alfredo Marquez is an exemplary agricultural mechanics

student. Carlos has taken agricultural classes all four years at **Soledad High School**. Mr. Landon Sudberry, the

agricultural Mechanics teacher described him as a detailed oriented, always willing to help his peers. He attended Hartnell College courses to gain a head start in diesel mechanics and welding.

Alyris Reyes of **Mount Toro HS** stands out as one of

the most promising students in Patient Care. Her desire to become independent after high school led her to the

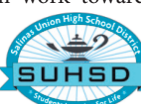

Dental Careers Pathway, When the opportunity to compete in Regional SkillsUSA arose, she enrolled without hesitation. Alyris showed the world that anything was possible by bringing home the Gold Medal.

Tristan Williams of **Salinas High School** is one of the

most gifted students of this CTE generation. He is a perfect mix of tech skills achieved in Engineering and Mechanical

systems blended with personal attributes that have enabled him to effectively create long lasting relationships. He will be attend Hartnell's CSin3 program, then work towards a master's in mechanical engineering.

CONGRATULATIONS
