# Family...

A keepsake is a great way for each family member to keep their loved one close. Often keepsakes are shared with all family members and close friends to remember their loved one and to celebrate their life.

The family is  
shown holding the  
Howard Miller  
Memorial Scattering  
Keepsake Capsules.  
p. 74

After choosing cremation, a family has many decisions to make. There are many ceremonial options available: choose a cemetery for a permanent resting place or create a personal memorial for placement in the home or garden. Another option is a Natural Return by burying the cremains in a special place. All can be personalized in some way to share the loved one's passions with family and friends - telling and preserving their life story.

**Questions to consider in the process:** *Will there be a traditional viewing or a simple family gathering? What will be your loved one's final resting place?*

The next few pages will help in those decisions and show many of the options available.

# Together Forever Companion Urn

## 30-R-1007 \$710

This new urn from The Everafter Collection, is truly a work of art! It holds approximately 410 cubic inches of cremated remains and comes with a removable interior divider. It loads from the bottom and is only 9 7/8" high and 9 7/8" wide by 7" in depth, allowing it to easily fit into any Cemetery Niche. The upper corners of this urn can be engraved with your beloved partner's information. As an option to engraving on the urn, we have created a 5" x 2" curved stone plaque that can be engraved any time in the future and simply glued directly over the center framed area of the urn. This avoids having to re-ship the urn back and forth, for any future engraving requirements.

The leather-like design wraps around the entire urn, helping create the appearance of holding two vessels together. It comes standard with the engraving "Together Forever" and is beautifully embellished with two hearts, representing two unique and loving partners. Across the center of the top is another beautiful carved scroll design that compliments the carvings on the front. A truly remarkable companion urn, sure to touch the hearts of all who see it...

# HD Life Portrait Porcelain Tiles

MADE BY  
Crescent

These fine, high quality porcelain tiles are made by using a combination of old-world techniques and the latest photo reproduction techniques to produce an exquisite and beautiful memorial that will preserve your loved one's memory for generations to come. The image that you choose to place on your loved one's Life Portrait Porcelain Tile adds a personal touch and transformation to a new or pre-existing marker, niche, columbarium, or crypt. Each individual tile is carefully modified by a graphic artist and then kiln fired to perfection at an intensely heated temperature to ensure a permanent image of your loved one. You may also choose to frame the tile with an elegant and rich bronze frame that not only enhances the beauty and elegance of the tile, but also adds protection.

"My amazing mother deserves something special for her grave marker and the Life Portrait Porcelain Tile could not have been a better choice to memorialize her life."  
-Alexandria

*Many families are choosing keepsakes for family members and dear friends as a way to celebrate a beautiful life well lived and to always keep their loved one close. Many urns have their own keepsake (shown throughout) and there are many other beautiful options.*

# Art Glass with Cremains

## Made with care in Crescent's own custom built glass studio.

The process combines cremains with the art of glassmaking to create a work of art that is as one-of-a-kind as the loved one it memorializes. Each unique Art Glass design is a stunning work and an exquisite way to memorialize your loved one in the home. Also, many families choose pendants for each family member. Each breathtaking piece offers a special remembrance of a cherished life, reflected through form, color, and light. In the midst of the beautiful, artistic colors, the cremains look similar to white sea foam with swirling bubbles. Each piece of art glass is a one of a kind memorial. No two pieces look the same.

# Life Print Memorial Keepsakes®

Life Print Keepsakes are created by using a combination of traditional jewelry techniques, modern technology and your loved one's fingerprint. Offering a physical touch to a loved one's life, they are created from two-dimensional ink prints that are then replicated onto, .925 sterling silver, 14k yellow gold, or 14k white gold. All of the designs can have custom engraved text on the inside of the ring. The Life Print Keepsakes produce a high quality family heirloom that will memorialize your loved one. Many families choose to have Life Prints made for the entire family and close friends. The various and unique custom combinations allow for a beautiful, personal, and lasting connection to the ones we love.

For those with sensitive skin, we offer an optional **c-coating process (32-404)** that coats sterling silver with a hypo-allergenic finish. **\$20**

Note: For antique fill, vigorous polishing and cleaning can remove the antique finish. Antique fill not available for 14k.
