INTRODUCTION

The results are in for the fourth issue of *The Journal Record's* Reader Rankings. Listed inside are businesses and organizations chosen by *Journal Record* readers across a wide variety of categories.

To obtain the results, *The Journal Record* posted an online ballot with 84 categories including the areas of education, energy, entertainment, finance/accounting/insurance, general business, health care, education, legal services, real estate and technology as well as top employer categories.

Readers were notified of the ballot through direct emails and print advertisements linking to the ballot and were encouraged

to share the link with their colleagues. More than 1,400 businesses were nominated during the open nomination process from Jan. 20-Feb. 28. The ballot was open from March 2-April 20 and garnered more than 58,000 votes from business professionals across Oklahoma. The results were tallied to come up with the list of award-winning businesses.

We would like to thank our readers for sharing their voice and their votes. Your opinions are reflected on the pages that follow. If you do not see your favorite firm there this year, please make sure to vote next year. Your response will help the Reader Rankings keep growing.
