You're the Key to Ending Family Homelessness in **Brevard**

"The Family Promise Prevention Program assisted us in getting our rent paid and saved us from losing the roof over our head. Family Promise is what it is in the name. It is important because there are a lot of people out here in need and they don't necessarily realize there are programs out here to help you. Not only did the Prevention Program come with financial assistance and food, but it also came with education. There was some knowledge and teaching involved. The education part was even more important after you got assistance so you don't fall into it again. The Family Promise Prevention Program being a part of our life helped us grow. From the first day that we sat down until now we've seen a lot of progress and we are thankful for that."
