West Point Association of Graduates

Made USA Made USA

Made USA Made USA

Dear Gift Shop Customers,

We can think of no better way to start the new year than with a virtual catalog highlighting our ***Made in the USA*** product. The selection of product in this catalog is representative of the over 300 items with American roots we currently carry in the Gift Shop. Each day we continue to search for product from U.S. vendors that make sense for our business and that are a right fit for our customers. At present, 45% of our vendors supply Made in the USA product for our shop and web store. Watch that number continue to rise in 2021 as we search out new and exciting product.

Thank you for your continued support of the West Point Association of Graduates' mission to Serve West Point and the Long Gray Line through your patronage of our Gift Shop and web store. All proceeds from our retail operation recycle back into WPAOG's programs and operation.

Shop USA and WPAOG!

Warm regards,
Teresa Gibney
Director of Retail Operations
