DIFFERENCE!

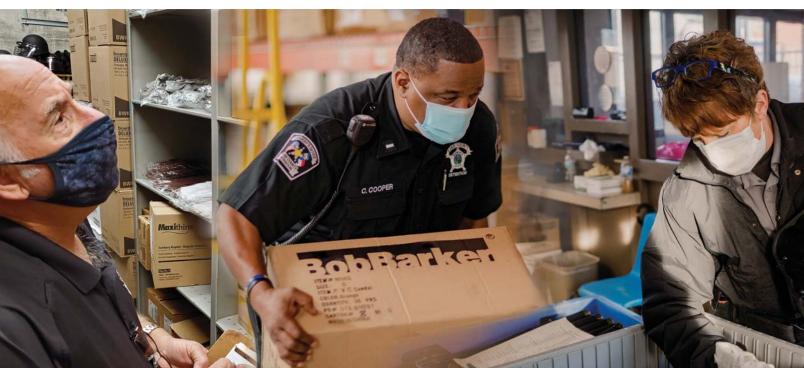

THIS IS OUR (

Across the nation, Bob Barker Company is grateful

COMMUNITY.

for the dedication you bring to your jobs every day.

Robert Barker President, Bob Barker Company

BobBarker

Words cannot begin to express my gratitude on behalf of Bob Barker Company and truly all Americans for the hundreds of thousands of correctional officers and staff across our country who continually put their health and lives at risk working in detention or correctional facilities during this global pandemic. The correctional officers, nurses, chaplains, wardens and other staff of men and women go well beyond a simple classification as an essential worker. These brave men and women are actually essential to protecting the public safety of each citizen of the United States every day.

The congregate setting of most jails and prisons and the highly contagious nature of this vicious virus make them dangerous places to work. At the time of this writing, more than 473,000 COVID-19 infections have been reported of both inmates and staff inside America's jails and prisons. And one in five prisoners in the U.S. has had COVID-19 – more than four times that of the general population.

At the time of this writing, more than 220 correctional professionals have made the ultimate sacrifice and laid down their lives in service of protecting the safety of Americans. Jesus tells us in John 15:13 that "No one has greater love nor stronger commitment than to lay down his life for his friends." I am the friend of these fallen correctional officers; the American public is their friend, and these men and women demonstrated for us all the greatest act of selfless love. We mourn their loss and grieve with their families together. We seek to honor and celebrate their memory.

I have prayed and will continue to pray for each and every member of our community's health and safety as this coronavirus pandemic rages on.

Your efforts make a difference – not only in your facility but in the surrounding community. You are essential to America's success in this public health crisis. Again, YOU are essential to America's efforts to overcome the public health crisis of COVID-19.

Stay in the fight. Your facility needs you. Your community needs you. Do not be discouraged. In Joshua 1:9 the Lord instructs us, "Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God will be with you wherever you go." We at Bob Barker Company stand with you, too. We are more than a vendor; we are a partner. In this moment, we remember that you are part of our family and our community. If there is anything at all that we can do for you, please let us know.

Yours in Christ.

Robert Barker

A WORD ABOUT THE COVER _

We would like to thank the following agencies for giving us a peek into their daily routine and granting us permission to use their photos in this catalog. Many thanks for their time and cooperation: Franklin Correctional Center, Franklin County Detention Complex, Harnett Correctional Institution, Sampson Correctional Institution, Wake County Detention Center, Wayne County Detention Center.

Unity does exist in times of

uncertainty

You can be **certain** Bob Barker Co. is here to see you through.

Nancy Barker Johns COO, Bob Barker Company

We are grateful for all you have done to serve our communities during the global pandemic. Our gratitude and admiration for your service inspired us to do all we could do to come alongside you to support your efforts. To address the pandemic, we created the COVID-19 Response, Outreach, Service and Support, or CROSS Team. This team focuses specifically on the challenges created by COVID-19, including:

- Following thought leaders on how to keep congregate settings safe and working to provide you with the products that supported those recommended protocols
- Cooperating with the National Commission on Correctional Healthcare to promote awareness of the challenges staff and residents face during the pandemic
- Getting your input and feedback on what was most needed to support your staff and those in their care
- Working with trusted vendors to increase or develop new production of PPE and essential items, while also finding substitute products that meet your requirements
- Developing new supplier relationships to supplement supply chain disruption to minimize the impact to you
- Implementing health and safety protocols to protect our Team Members
- Donating funds and product to nonprofits and governmental agencies to respond to the crisis

BobBarker FOUNDATION

Bob BarkerFounder, Bob Barker Company

Our Vision

The Vision of the Bob Barker Foundation is to reduce recidivism by seeing the lives of incarcerated individuals changed forever by serving God, family and community.

Our Mission

The Mission of the Bob Barker Foundation is to develop and support programs that help incarcerated individuals successfully re-enter society and stay out of prison for life.

To learn more, visit: bobbarkerfoundation.org

Community Caring for our

Dear Valued Customers,

It's no secret that 2020 was an especially challenging year. Despite the hardships that we all faced, we knew that stepping back from donating to our Foundation was never an option. We're dedicated to help fund organizations that develop and support programs that help incarcerated individuals successfully reenter society and stay out for life, and that didn't change in 2020.

Bob Barker Company has been blessed in so many ways, and creating our Foundation has given us an opportunity to give back in helping us return something to those we have been serving for nearly 50 years. It has shown us a way to change lives through reducing recidivism and helping formerly incarcerated individuals return to society and their families while they become productive citizens and often break the cycle of multiple generations of criminal behavior.

We have amazing stories of success over the 12 years during which we have been making grants. We hope to continue growing our ability to provide grants and change more lives.

I'm beyond excited to report that the Bob Barker Foundation has raised \$1.4 million to grant to worthy groups that are helping reduce recidivism this year. This will by far be the Bob Barker Foundation's largest year ever, as we'll be able to grant a little more than \$100,000 per month. We'll also be able to reach more organizations than in years past.

Thank you for helping to change lives through your continued support of Bob Barker Company and the Bob Barker Foundation.

-Bob Barker

"It doesn't matter what's going on outside the prison walls—as long as an inmate is equipped with the Word of God there's an opportunity for life change."

Jim Buffington, COO Bridges to Life

Meet Our Essential On-Site Team Members

North Carolina Distribution Team

North Carolina Vinyl Mattress Manufacturing Team

North Carolina Office Essential Team

We are Grateful.

Our Team Members have always been the heartbeat of Bob Barker Company. With the new challenges and sorrow of the COVID-19 pandemic, our essential on-site Team Members never wavered in their mission of loving our customers by keeping them safe and healthy. We ask you to join us in showing our on-site Team Members gratitude for their courage and spirit during these times.

Global Pandemic

Due to the global pandemic, pricing and/or availability may have fluctuated beyond our control from suppliers. To receive the latest prices and availability, please visit bobbarker.com or call 800.334.9880.

Drop Ship

This icon represents the drop shipment of a product. Our standard shipment is 2-3 weeks. If the delivery time extends beyond three weeks, a footnote will appear below the product chart indicating the length of time it will take to ship that product. Please note that restocking charges may apply to returns.

Master Case Quantities

Ordering is now easier and more efficient than ever! Based on your requests, we added master case quantities to all applicable products in our catalog. Master case increments will help you easily determine the best shipping, handling, receiving and storage in your warehouses and stock rooms.

EXO-FRAME[®] Toothbrush

Unique Patent-Pending Structure: The Exo-Frame Toothbrush's design utilizes a series of small connectors that are stabilized with an alternating support system. The support system reduces the amount of continuous material that can be used as a weapon, but the toothbrush maintains structural integrity when used as intended. When manipulated, the Exo-Frame Toothbrush separates into smaller pieces and lowers the chance of weaponizing the toothbrush.

Patent-Pending

Exo-Frame Toothbrush

- Small individual components that are difficult to weaponize
- Toothbrush support system loses structural integrity when manipulated
- Space between each connector limits the available material that can be turned into a weapon
- Short length of the Exo-Frame® Toothbrush provides less material that can be manipulated
- · Individually packaged in clear bag

PACKAGING, PRODUCT, TIME AND MONEY

with RapidPak™

3-in-1 Shower-Shampoo-Shave Dissolvable Pak

CLEANER ENVIRONMENT

SHOWER*SHAMPOO*SHAVE **50** Single Use Paks Net Wt. 0.5kg (1.1 lbs) 17.6 oz

Eliminate wrappers and bottles left on the floor

NOTHING TO CLOG

Avoid costly, clogging issues with toilets and drains

SIMPLIFIED HANDLING

Easier and less messy distribution of product

REDUCE PRODUCT INVENTORY

Eliminate gallon containers, pumps, and dispensing cups

Here's what Richard Gowen had to say about RapidPak...

"Folkton ICE Processing Center has been using the RapidPak 3-in-1 dissolvable soaps for quite some time now. We could not be more pleased with this product. Aside from being very economical, we are delighted with the fact that we no longer have the "soap-scum" issues caused by soap bars.

Previously, we would have partially used soap present in our showers, urinals, etc. which always caused problems for sanitation as well as maintenance since bar soap tends to clog urinals and toilets and inhibit shower drain systems.

...I would not hesitate to recommend this product to other detention facilites."

> Richard D. Gowen Assistant Warden, Finance & Administration Folkston, GA

Н

- · Ingredients include pyrethrin and piperonyl, to treat head lice, body lice, and crabs
- · Each gallon includes one pump

Directions:

- 1. Apply liquid solution to affected area for 10 minutes
- 2. Wash thoroughly with warm water and soap or shampoo
- 3. Use a fine-toothed comb (sold separately) to remove dead lice and their eggs (nits) from hair
- 4. Repeat process within 7-10 days to kill any newly hatched lice

Custom Admission Kits: Did You Know?

We can make kits big or small

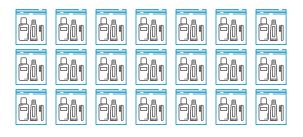

Choose any number of items to create your own Custom Kit order. There is virtually no limit!

People make the difference

Our Kitting Team consists of 3 full-time people dedicated to assembling all kits.

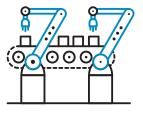

10,000 kits per day

That's 1,250 kits assembled every hour or 20.8 kits per minute!

Breaking records

Record-breaking Custom Kit assembly for the month of June 2018!

Machine dreams

We have 3 assembly machines running to rapidly produce kits.

Custom, and we mean it

The average number of kit components is 5 items. No Custom Kit is ever the same.

Custom Kit Options are Endless!

GLOVE SIZING CHART

TIP #1

For best fit, use a flexible tape measure to determine hand circumference in the widest section of the palm.

TIP #2

Avoid webbing between the fingers and ballooning at the fingertips. Gloves should be moderately tight around the cuff

PERFECT FOR:

✓ Intake

☑ Emergency Calls

- High-risk protection with excellent comfort
- No permeation of fentanyl or gastric acid when exposed up to 240 minutes
- Dual color helps to identify if a glove has been compromised

- ☑ Property and Mail Searches
- ☑ Cell Searches
- Superior comfort and tactility enables users to complete tasks with ease while reducing risks
- Non-stick formulation eliminates sticking to adhesives
- · Fewer defects ensures an extraordinary level of protection

MidKnight® XTRA Nitrile Exam Gloves

- · No permeation of fentanyl or gastric acid when exposed up to 240 minutes
- Easy to see when hands have been exposed to potentially hazardous materials because of the dark color
- Extended 12" cuff provides extra protection over the wrist and forearm
- Fully textured for a reliable, consistent grip

Life Line CROSSBACK

The Next Generation in Resident Safety

Patent-Pending

The **Lifeline® Crossback Safety Smock** is the most advanced option for resident safety smocks. The unique, patent-pending design of the Crossback Safety Smock significantly reduces its ability to be used for self-harm by eliminating hook and loop closures (Velcro®) and utilizing a one-piece construction.

Crossback Safety Smock

- · One-piece design significantly reduces self-harm
- No hook and loop or other attachments that can be removed and used in dangerous ways
- Unisex construction provides high level of modesty for a variety of body types
- Heavy-duty 650 polyester fabric quilted to polyester batting stands up to the most rigorous environments
- · Patent-Pending

ITEM #	CS QTY	CS PRICE	MASTER CS QTY
CROSSBACK	1	\$180.00	6

NEW PRODUCT

Shoulder Adjustment

Different Body Sizes, One Smock – No Problem!

The models below are wearing the **same** Crossback Safety Smock. The man on the left is 5'11" weighing 328 lbs., and the woman on the right is 5'2" weighing 100 lbs. *Two very different body sizes and just one Crossback Smock!*

Safely secures without the use of hook and loop or any other fasteners that can be dismantled and removed. Strap easily adjusts to various body sizes. One-size-fits-most smock simplifies inventory and eliminates the need for junior smocks.

One-piece construction provides high level of modesty for all body types

Use of these products is not a substitute for careful monitoring of individuals on suicide watch.

Easy to Wash and Maintain

No hook and loop or other closures that can rip off and require expensive replacement

No wasted time fastening closures in order to launder No fasteners that can scratch, rip or tear the smock fabric Stain-resistant, fire-resistant, and tear-resistant

TRADITIONAL SMOCK

Over time, laundering smocks with hook and loop can result in the collection of lint and prohibit the smock from closing properly.

LIFELINE[®] CROSSBACK

The Crossback Safety Smock's unique, one-piece design saves time by eliminating any fasteners to close prior to washing.

Life Line®

Resident Safety Products by Bob Barker

Helps increase safety in your facility:

- · Protects inmates from chaffing and provides warmth
- · Cannot be twisted into knots or nooses
- · Material is tear-resistant

High quality:

- · Meets ASTM D4151 flammability requirements
- · Lockstitch quilting and inner batting
- 650-denier polyester fabric
- · Easy to wash and dries quickly

Use of these products are not a substitute for careful monitoring of individuals on suicide watch.

Life Line® Blanket

- Offers full coverage and warmth without compromising security
- Two heavy-duty 650 denier polyester fabric outside faces lockstitch quilted to polyester inner batting

No Snaps. No Zippers. No Hook and Loop.

NO HASSLE

The **SoloSuit**® is a revolutionary new jumpsuit that solves your biggest uniform-related headaches. The patent-pending SoloSuit design eliminates hardware and utilizes a unisex, one-piece construction to make uniform management easier than ever!

SoloSuit® Jumpsuit

- No snaps, zippers, or hook and loop closures that can break requiring jumpsuit replacement
- One-piece construction reduces chance for indecent exposure
- · No metal hardware, prevents false readings on metal detectors
- · Simplifies laundering by eliminating closures to fasten beforehand
- · No pocket for added security
- Screen printed uniform size in large letters for quick-read, long-lasting identification
- IronClad® industrial fabric finish
- Minimum 7.5 oz 65% polyester/35% cotton fabric
- · Colored thread to match jumpsuit
- Jumpsuit is true-to-size with adaptable elastic to fit comfortably around the waist
- · Bleach-resistant dye withstands industrial laundering and bleaching
- Unisex sizing accommodates a variety of body types
- · Screen printing option available
- · Patent-Pending

Metal-free, covered elastic holds its shape and is adjustable to any body type

Sewn-in, short side elastic strips allow for comfort and adjustability

One-Piece, Hardware-Free Design

Accommodates a Variety of Sizes and Body Types!

The TriStitch® Difference

- 3-needle felling stitching on all seams for extra strength and durability
- Heavy-duty thread made from cottonwrapped polyester is colored thread to match uniform inside and out
- Bar tacks reinforce stress points to reduce repairs and increase longevity
- Consistent fabric weight made from 65% polyester/35% cotton with a minimum weight of 7.5 oz
- Bleach-resistant dye stands up to institutional laundry and bleaching with minimal shade loss
- IronClad® industrial fabric finish resists creases
- Extra generous sizing for a wide variety of body types
- High temperature elastic holds up under boiling temperatures of 260° F for 4 hours
- True expansion waistband finished with 4 rows of stitching allows maximum give without putting excess stress on stitching

Made with the same great Tri-Stitch material!

EVA Unifoot Sandal Solution

Its unique design comfortably fits both the right or left foot!

Pair-it™ EVA Unifoot Sandal

- · Unique design is interchangeble to fit right or left foot comfortably
- · The slope design alleviates cracking
- Fits low or high instep while hugging the foot to decrease slipping or tripping
- The insole cupping prevents forward foot motion which decreases the chances of tripping
- Reduces excess inventory by replacing one broken sandal versus a pair
- Allows for easy bulk storage by size and quick distribution, no need to store pairs together
- · Size identification in three locations for easier inventory management
- · Lightweight material reduces the risk of being used as a weapon
- 100% EVA (mark-, slip-, and water-resistant)

3 Reasons You Need A Sealed Seam Mattress:

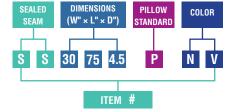

SECURITY

- 100% sealed seams make it easier to search for contraband and help to reduce security risk
- No thread or needle holes make it more difficult for inmates to pick apart scrim and fabric
- All sealed seam mattresses from Bob Barker contain a concealed breathable vent that cannot be picked apart

2 DURABILITY

- Sealed seam strength makes the mattress more durable
- Certified flame-resistant

Example: Item # SS307545PNV

3 CLEANLINESS

- The fluid-resistant fabric and 100% sealed seams protect the core from contaminants and odor
- The mattress is easily cleaned and quickly disinfected

EXTEND THE LIFE OF YOUR MATTRESS

by selecting our pliable, crack-resistant cover and a higher density polyester core!

Soft, Sealed Seam Polyester Mattress

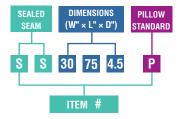

- 13 oz, 4.5" high-density core
- · Polyurethane fabric with nylon backing
- · Comfortable, fluid-resistant cover
- · No scrim or thread in mattress
- 100% sealed seams lock out odors and contaminants
- · Concealed breathable vent cannot be picked or ripped apart
- · Meets 16CFR1633 flammability requirements

I'm In Cells

The captivating story of Bob Barker and the Bob Barker Company

Born into a poor family during the great depression, Bob Barker is a model of America's "can do" spirit. Bob was never one to turn down a challenging opportunity throughout his career, working his way from tool carrier and paperboy through the ranks of nuclear safety manager, salesman extraordinaire, newspaper editor, politician, entrepreneur and head of a multimillion-dollar company.

In this book Bob reveals how he employed hard work, determination, and an indomitable spirit to lift himself from poverty by the proverbial bootstraps, and to build the world's largest detention supply business from the ground up.

Reduces Exposure Against:

- · Pepper Spray
- · Spit and Bodily Fluids
- Spores and Mold
- · Hazardous Particulates
- Radioactive Particles
- · Pollution and Allergens

Turn up the heat with SABRE RED®

SABRE® RED products contain a high capsaicinoid content that provides greater stopping power. These OC products are backed by a heat level guarantee that ensures the user reliable and consistent results. Sabre's products are designed to maximize target acquisition. Because subjects are constantly ducking and weaving to avoid being sprayed. Sabre's Crossfire Technology makes it easy to be deployed from any angle for increased accuracy. These tactical models are perfect for corrections or anyone requiring a specific heat level and delivery system.

Guaranteed to work every time

SABRE® is the only brand with a High Performance Liquid Chromatography (HPLC) guarantee: the pepper spray industry's #1 advantage. SABRE's in-house HPLC lab eliminates the 30% heat failure rate experienced with other brands. HPLC guarantees SABRE products deliver maximum strength every single time.

Maximize target acquisition

Crossfire™ Technology

- · Reduces cross contamination
- · Canister can be continuously deployed from any angle
- Contains marking dye to identify subjects up to 48 hours post contamination on both skin and clothing
- · 5-year shelf life saves facilities time and money
- MK-3: 10, 1 sec bursts (2.5 x more shots than competitors), MK-4: 16, 1 sec bursts (2.0 x more shots than competitors)

CROSSFIRE™ Technology (1.33% Major Capsaicinoids-MC)

ITEM #	DESCRIPTION	SIZE	RANGE (FT)	CS PACK	PRICE
Z52CFT10-GEL	MK-3, Gel	1.5 oz	Up to 20'	25	\$393.49

Heat Content

MC = Major Capsaicinoids This is the BEST indicator of pepper spray strength.

No Compromised Position

Crossfire™ technology allows canister to deploy from any angle or orientation!

Phantom Vapor

SABRE Red: Phantom

- · An innovative evaporating fog delivery
- · More debilitating inhalation effect
- · Ideal extraction tool
- Cell buster will deploy OC underneath doors or through windows, food slots and vents
- · Simpler to clean up (fresh air) than traditional fog delivery systems
- Non-flammable
- · Hose and wand option available

ACCOUNT INFORMATION

SETTING UP YOUR NEW ACCOUNT

City, county, federal and state facilities are pre-approved for credit. You may call 1-888-772-0244 to request a new account setup or visit www.bobbarker.com to download a form. Pre-approved facilities are often approved same day providing the new account set up form is complete. Facilities required to complete credit applications may take 48 hours or longer for credit approval. We gladly accept Visa, MasterCard, American Express and Discover as a payment method to help process new account set up form within 24 to 48 hours.

SATISFACTION GUARANTEE

If, for any reason, you are not fully satisfied with a purchase from us, simply return the merchandise, in its original condition and with freight prepaid, within 30 days of purchase for exchange, credit or refund. Restocking fees of 20% may apply to stock, drop-ship and metal orders. Custom-made, special-ordered and silk-screened items may not be returned. Please visit www.bobbarker.com for our complete return policy. Contact Customer Service at 1-800-527-6011 before returning merchandise, to insure prompt and proper credit to your account.

CATALOGS

Specifications and pricing in catalog are subject to change without notice. Descriptive, photographic or pricing errors are subject to correction. Catalogs are mailed yearly. If yours has been misplaced, you may request another one at www.bobbarker.com or call our sales department at 1-800-334-9880. If you are receiving unwanted and duplicate catalogs, please let us know so that we can correct our mailing list.

CUSTOMER SERVICE

For special help with a new or existing order, please call us at 1-800-334-9880. For quality issue problems/questions, shortages, damages, please contact us at 1-800-527-6011. Customer service is available Monday through Friday from 8 a.m. to 7 p.m. (ET).

DAMAGES OR SHORTAGES

Loss or damage on freight must be noted on the delivery receipt at the time of delivery. Please save all of the original packing material.

Once your merchandise leaves our shipping dock, it becomes the responsibility of the freight company to get your order to you timely and completely.

IMPORTANT

- It is important that you fully inspect and count your cartons "before" you sign for them. If you have shortages, damages, or problems, you should note this on the delivery receipt. Also you should note if the shrink wrap is intact (or not). These two items are the two most important things you can do, to ensure that a replacement is made and a claim is filed.
- 2. If you have visible damage on any portion of your order, you should refusethose boxes that are damaged. Look for crushed corners, wetness, and punctures.
- Sometimes the carrier will damage your package. If you notice that a box appears to be repackaged, ask your carrier to wait while you open it to check for shortage or damage. Refuse it if you find anything amiss.
- 4. Call our Customer Service Department immediately to report the shortage or damage, 1-800-527-6011.
