Ok, One Fishfinder For Each Capt., Now The Propellers, Then The Head, Then The GPS  
Locations Of The Fish. Wow, Couldn't You Guys Just Sell The Vessel In Boats and Harbors???

BOATS & HARBORS®

P. O. Drawer 647

Crossville, Tennessee 38557-0647

USA

LOCKPORT, La. – Bollinger Shipyards LLC ("Bollinger") has delivered the USCGC GLEN HARRIS to the U.S. Coast Guard in Key West, Florida. This is the 167th vessel Bollinger has delivered to the U.S. Coast Guard over a 35-year period and the 44th Fast Response Cutter ("FRC") delivered under the current program. The USCGC GLEN HARRIS is the third of six FRCs to be home-ported in Manama, Bahrain, which will replace the aging 110' Island Class Patrol Boats, built by Bollinger Shipyards 30 years ago, supporting the Patrol Forces Southwest Asia (PATFORSWA), the U.S. Coast Guard's largest overseas presence outside the United States. "Bollinger is proud to continue enhancing and supporting the U.S. Coast Guard's operational presence and ensuring it remains the preferred partner around the world," said Bollinger President & C.E.O. Ben Bordelon. "It is our top priority to ensure that the brave men and women of the Coast Guard stationed in PATFORSWA have the most state-of-the-art, advanced vessels as they work to build and maintain the necessary regional alliances to ensure maritime security in the region. Building ships for the Coast Guard provides critical assets to bolster our national security and advance America's interests, both at home and abroad." Bollinger Shipyards LLC has a 75-year legacy as a leading designer and builder of high performance military patrol boats and salvage vessels, research vessels, ocean-going double hull barges, offshore oil field support vessels, tugboats, rigs, lift boats, inland waterways push boats, barges, and other steel and aluminum products from its new construction shipyards as part of the U. S. industrial base. Bollinger has 11 shipyards, all strategically located throughout Louisiana with direct access to the Gulf of Mexico, Mississippi River and the Intracoastal Waterway. Bollinger is the largest vessel repair company in the Gulf of Mexico region. For more information contact Eric Bollinger, Vice President of Sales, 985-532-2554, [erich@bollingershipyards.com](mailto:erich@bollingershipyards.com)

**[www.FRANTZMARINE.com](http://www.FRANTZMARINE.com)**

WOOD DOCK HARDWARE

MADE WITH 1/4" HIGH STRENGTH STEEL THEN HOT DIPPED GALVANIZED

Outside Corner End (H-OCE) is used at the ends of fingers, ends of dock or for swim platforms.

H-OCE Ship#7 \$12.98

Outside Corner Male (H-OCM) has one 1/2" tab and a hole for a 3/4" bolt or B-PIN. Would be used with an Outside Corner Female (H-OCF) or with a Single "T" Female (H-SF). H-OCM Ship#8 \$18.71

Inside Corner (H-IC) has slots and can be used with 1-1/2" - 3" thick wood. The inside corner sandwiches the wood between the opposite outside corner, keeping bolts from burying themselves in the wood. A corner gusset gives the unit a lot of strength and helps from racking the dock. H-IC Ship#7 \$13.95

HARDWARE HEIGHT  
5"

HARDWARE THICKNESS  
1/4"

Outside Corner Female (H-OCF) has two 1/2" tabs and a hole for a 3/4" bolt or B-PIN. Would be used with an Outside Corner Male (H-OCM) or with a Single "T" Male (H-SM). H-OCF Ship#9 \$22.23

Single "T" Female (H-SF) has two 1/2" tabs and is used with an Outside Corner Male (H-OCM) or a Single "T" Male (H-SM). Both male and female singles can be bolted to the side of a dock to make finger attachments. They can also be bolted to seawalls to make ramps. H-SF Ship#4 \$13.04

Single "T" Male (H-SM) has one 1/2" tab and is used with an Outside Corner Female (H-OCF) or Single "T" Female (H-SF). H-SM Ship#3 \$9.22

WOOD DOCK HARDWARE

MERCO MARINE™

Merco Marine is a manufacturer of boat dock building components and accessories. We were established in 1979. Everything we manufacture is made in the United States, with US Steel, and US workers.

The products shown here are only a small portion of the over 2000 items that we manufacture and keep in inventory for boat dock building and marinas.

For a complete list of our products check us out on the web at [www.mercoboatdocks.com](http://www.mercoboatdocks.com) or give us a call at 304-737-3006. You can also request a free copy of our 65 page catalog.

Merco Marine can provide simple parts and pieces for your small pond or lake dock to build on site, or we can build entire marinas from start to finish.

WOOD DOCK HARDWARE [WWW.MERCOMARINE.COM](http://WWW.MERCOMARINE.COM) 1-304-737-3006

WOOD DOCK HARDWARE

MADE WITH 1/4" HIGH STRENGTH STEEL THEN HOT DIPPED GALVANIZED

Washer Plates (H-W) are used mostly with Angles (H-A) and Cleat Angles (H-CA). The square hole in the plate keeps the carriage bolts from turning when the bolts are tightened. H-W Ship#1 \$1.24

Angles (H-A) used to hold all cross stringers to side stringers using a Washer Plate (H-W). The wood is sandwiched between the steel and creates a solid corner. H-A Ship#2 \$3.45

Backup Plates (H-B) are used with Single "T" Males (H-SM) and Single "T" Females (H-SF) for additional strength and to keep bolts from pulling through the wood. H-B Ship#2 \$3.30

Cleat Angles (H-CA) have slots for various sizes of cleats. The cleat angle is bolted to the side stringer using a Washer Plate (H-W). The cleat is then bolted through the deck into the cleat angle. This keeps the cleat from pulling out of the deck. H-CA Ship#2 \$4.88

HARDWARE THICKNESS  
1/4"

Inside Corners/3" I.D. Pipe Holder (H-IC3) has a 3" I.D. pipe holder welded in place. It can be used to replace a regular inside corner. It will accommodate a 2" I.D. pipe. H-IC3 Ship#13 \$26.31

3" Pipe Holder (P-3) can bolt to the side stringer and uses 2" standard pipe to anchor docks in place. P-3 Ship# 6 \$16.41

3" Pipe Holder (H-OCEP3) outside corner end with a pipe holder welded to the end. 3" opening for 2" pipe. Save money by getting 2 pieces of hardware in one. H-OCEP3 Ship#11 \$23.19

WOOD DOCK HARDWARE

## Powered By Kubota

**Phasor Marine**, has begun delivering EPA Tier IV compliant marine generators. These machines are not utilizing EPA flex credit engines as are other marine generator manufacturers, which is illegal. The Kubota diesel engines utilized by **Phasor** are either Tier IV Final or EPA Tier IV Marine Certified up to and including the K4-30.0 kw model. All standard machines continue to utilize the Kubota or John Deere diesel engines coupled to the electrical ends. These engines approved for use with Bio-Diesel B5. New for the 2014 model year are two Ignition Protection Certified models rated at 4.5 kw and 7.0 kw operating at 1800 rpm. These machines are certified for use in gasoline powered boats. All **Phasor's** continue to offer a 5 year limited warranty.

K3 - 9.5 KW

**WE SHIP GENERATORS  
WORLDWIDE**

**Standard Equipment: 1800 RPM Sets**

- Kubota or John Deere Diesel Engine
- Single Bearing Generator  
With Epoxy Coated Stator Windings
- $\pm$  1% Solid-State Voltage Regulation
- Low 1,800 RPM Operating Speed
- Four Point Isolation Mounts

# Questions to ask before ordering your sectional barge:

1. Will my barge be designed by experienced engineers?
2. Will my barge be built to my exact requirements?
3. Will my complete satisfaction be guaranteed?

If it's important that the answer to these questions is "YES", then contact us at:

## RPS Barge Co.

Built to your requirements.  
Built to last. Guaranteed.

### CABINS

### GUEST SERVICES

**Dining Room:** The dining room & galley are designed to accommodate up to 100 guests with three meal services per day & a Grab & Go lunch service. New galley equipment & fridges allow for superior quality food preparation.

**Catering & Food Service:** An executive chef & catering manager ensure the highest standards of food service, including a variety of menu choices that change daily, maintaining awareness of dietary restrictions (including food allergies), & providing alternative menu items to meet individual & cultural preferences.

**Bar & Lounges:** The newly renovated bar & common areas offer a great place to socialize, with comfortable lounge style seating & big screen TV's.

**Fitness & Cardio Room:** Fitness & cardio rooms featuring new, state-of-the-art equipment.

**Communication Services:** The ship is equipped with wireless high-speed internet & TV's. Vessel has KHV Tv8 world wide coverage tracking satellite receiver & satellite internet communication. When close to shore in reach of mobile LTE the vessel's state of the art Peplink bonding router can combine up to 4 LTE sim cards to one solid fast datalink lower than satellite pricing.

**Briefing & Instruction:** Vessel is equipped with audio visual equipment for briefings & instruction in spacious & well lit areas.

### ADDITIONAL GUEST SERVICES

**Guest Laundry Services:** Guest laundry facilities are available using supplied laundry bags at an agreed interval & a reasonable cost. In addition, full guest laundry service will be provided at regular intervals for linens & towels.

**Housekeeping Services:** Regularly scheduled housekeeping is provided in each room & in all common areas.

PERMANENTLY FIX/FLOAT  
YOUR BARGE

**Empire**  
Foam Solutions

Manufacturing & Installing  
Cost Effective, Polyurethane Foam  
for Flotation and Insulation  
in the Marine Industry  
(MIL-P-21929C Compliant)

#### Uses:

- Greatly extend the life of otherwise ready to retire barges, boats, docks, and more...
- Save tens of thousands of dollars over replacement or repair costs.
- Insulate spaces requiring efficient temperature control (i.e. living quarters, storage to prevent freezing or storage for cooling/freezing).

#### Installation:

- Our installers will come to you.
- We also offer do-it-yourself training and sell the necessary equipment for your business to install.

### CLOSING DATES FOR DISPLAY

Normally the 4th, 14th and 24th (9:00 A.M. C.S.T.)  
(Unless Otherwise Published)

### DISPLAY ADVERTISING REQUIREMENTS

Full Page

1/2 Page Horiz.  
(32 col. ins.)

1/2 Page Vert.  
(32 col. ins.)

1/4 Page Vert.  
(16 col. ins.)

Dimensions for cover page: 9 1/2" W x 7 1/4" H

1/8 Page Vert.  
(8 col. ins.)

1/8 Page Horiz.  
(8 col. ins.)

1/16 Page Vert.  
(4 col. ins.)

1 Inch

1. Printing process: Web offset.
2. Binding method: Saddle stitched.
3. Trim Size 10 1/4" wide by 17" deep.
4. 4 column page format.
5. Width of single column: 2 1/4" (14 picas)  
Width of two columns: 4 3/4" (28 1/2 picas).  
Width of three columns: 7 1/4" (43 picas).  
Width of four columns: 9 3/4" (57 1/2 picas).
6. Depth of column: 16 1/4".
7. Minimum size space unit; one column in. (2 1/4" W x 1" D).
8. All display ads must be full inches (no fractions).
9. Ad must be as many inches in depth as it is columns wide.
10. Publisher accepts: PDF files are preferable in our pre-press workflow.  
PDF files should be in CMYK color space, contain high-resolution CMYK  
graphic elements (or Grayscale for Black and White graphic elements) and  
have all fonts embedded. Publisher also accepts files in Quark XPress 5.  
When sending files of this kind, please remember to include all supporting  
fonts and graphics.
11. Black and white halftones: 80 to 100 line screen.
12. For best quality, submit clear sharp photos.
13. Page number or position on a page not guaranteed.
14. Contract advertisers are entitled to one complete change  
of copy every three issues. When change of copy is not received by closing  
date, copy run in previous issue will be inserted.
15. The publisher assumes no liability if for any reason it  
becomes necessary to omit any advertisement.
16. No cancellations or changes in orders will be accepted after closing date.

### TERMS

1. Payment in advance unless credit is established. 2 percent discount with  
payment within 10 days of date of invoice. Net 30 days.
2. Agency Commissions: 15 percent allowed when computer ready copy covering  
entire advertisement is furnished. There will be charges made for typesetting  
and composition.

### GENERAL RATE POLICY

Short Term Rate Applicable If Contract Is Cancelled.  
Proper Notification will be given of all rate changes. Space orders may be  
cancelled at the time the change in rate becomes effective without incurring a short rate  
adjustment, provided the billing rate has been earned up to day of cancellation.  
We Reserve The Right To Reject Any or All Advertising.

With a circulation above 60,000 readers and hundreds of classified and display ads, we are the marine industry's most active and current publication.

Boats and Harbors goes by direct mail three times each month to thousands of individual boat owners, builders and operators, tug, pushboat and barge owners and builders, boat yards, commercial fishermen, packers and processors, divers and diving companies, docks, dredgers, exporters, ferrymen, freighters, harbor personnel, longshoremen, marinas, steamship companies, marine contractors, off-shore and inland oil exploration firms, pile drivers, marine salvage firms, ship yards, terminals, towing companies, marine warehouses, government agencies and other related businesses in the U.S. Possessions, Canada, Mexico and most other foreign countries.

**BUSINESS OPPORTUNITY**

**90' Ketch  
Rigged  
Motor Sailer**  
12 pax  
successful  
expedition  
vessel.  
Refitted in  
2002 & now  
2021.

Current survey, fully insured. A Key West Charter Company operating since 1984 has just purchased & is now refitting vessel. Need investor or partner to help complete refit. Cash flow of \$300,000.00 needed. Dockage, management, marketing already in place. A real Key West money maker. Owner would consider selling the entire vessel.

**Modular Plastic Pontoons**

*The Best Idea Since the Indian Canoe*

**36 and 24-inch Diameter Sizes**

Wilson pontoons are used for pontoon boats, houseboats, barges, work boats, party boats, pumping stations—they're perfect for any application that uses pontoons.

- Molded from sturdy, medium density polyethylene (MDPE)
- **Heavy-Duty:** filled with closed cell polyurethane foam
- **Modular:** separate bow, middle, and stern modules allow for configurations of the most popular application sizes
- **Maintenance Free:** bottom painting recommended if left in saltwater full time. Otherwise, just pressure wash to clean.
- UV protected

**THE MAINE BOATBUILDERS SHOW**

**JULY 23, 24, 25, 2021**

10am - 6pm Friday & Saturday,

10am - 4pm Sunday

The Maine Boatbuilders Show and the Maine Small Craft Celebration - an event that traditionally features small boats powered by sail, oar and outboard motor - are merging this summer to celebrate the boating community and the diversity of Maine's ocean economy. The two combined shows will have indoor exhibits, 2,500 ft. of docks for in-the-water exhibits, seminars all three days, a marine flea market and all kinds of boats for sale. There will also be educational and job opportunities to explore. Come see Maine's finest builders and their craft - the show is back on Portland's waterfront, at Portland Yacht Services on Commercial Street. FMI: <http://www.portlandcompany.com/boatshow/>.

HAMILTON MARINE EXCLUSIVE!

Traditional Heavy Duty Polyester Gunwale Guard

BACK IN STOCK!

Looks identical, same natural color and weave, to the old-style cotton canvas guard, and it's better! Now made with a heavy-duty, non-rotting polyester cover which is vulcanized to a non-collapsing, air-cell sponge rubber. If you want the old look in a better product, this is it.

Both sizes sold by the foot, 200' coil or 1000' pallet.

3/4 Round

1-1/4" dia with 3/4" flaps.

Nature POWER

Semi-Flexible Solar Panels

Wafer thin, lightweight, and can mold to a curved surface. Made of the high efficiency monocrystalline solar cells and strong enough to be walked on. Weather, water and corrosion resistant making them a perfect option for marine applications, RVs, camping and emergency back-up. These panels can continuously recharge your 12-Volt batteries with the power of the sun. Light enough to mount on a window with suction cups, and durable enough to mount permanently outdoors on a range of vehicles.
