WOOD DOCK HARDWARE

MADE WITH 1/4" HIGH STRENGTH STEEL THEN HOT DIPPED GALVANIZED

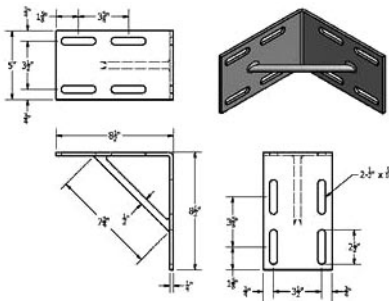

Outside Corner End (H-OCE) is used at the ends of fingers, ends of dock or for swim platforms.

H-OCE Ship#7 \$12.98

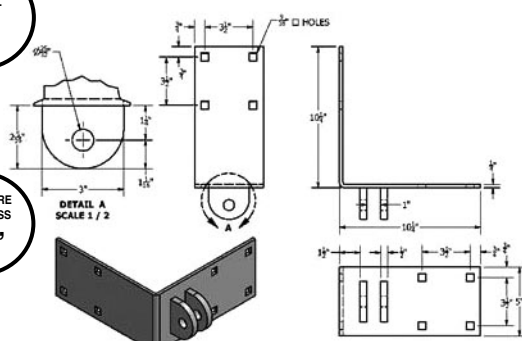

Outside Corner Male (H-OCM) has one 1/2" tab and a hole for a 3/4" bolt or B-PIN. Would be used with an Outside Corner Female (H-OCF) or with a Single "T" Female (H-SF). H-OCM Ship#8 \$18.71

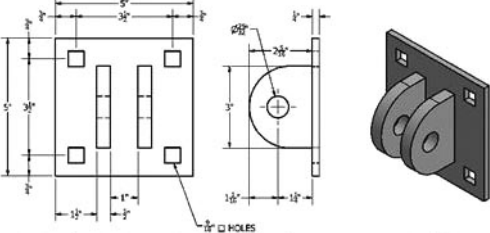

Inside Corner (H-IC) has slots and can be used with 1-1/2" - 3" thick wood. The inside corner sandwiches the wood between the opposite outside corner, keeping bolts from burying themselves in the wood. A corner gusset gives the unit a lot of strength and helps from racking the dock. H-IC Ship#7 \$13.95

HARDWARE HEIGHT  
5"

HARDWARE THICKNESS  
1/4"

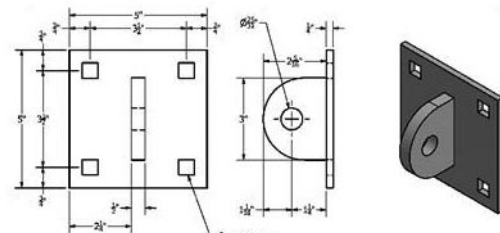

Outside Corner Female (H-OCF) has two 1/2" tabs and a hole for a 3/4" bolt or B-PIN. Would be used with an Outside Corner Male (H-OCM) or with a Single "T" Male (H-SM). H-OCF Ship#9 \$22.23

Single "T" Female (H-SF) has two 1/2" tabs and is used with an Outside Corner Male (H-OCM) or a Single "T" Male (H-SM). Both male and female singles can be bolted to the side of a dock to make finger attachments. They can also be bolted to seawalls to make ramps.

H-SF Ship#4 \$13.04

Single "T" Male (H-SM) has one 1/2" tab and is used with an Outside Corner Female (H-OCF) or Single "T" Female (H-SF).

H-SM Ship#3 \$9.22

WOOD DOCK HARDWARE

MERCO MARINE™

Merco Marine is a manufacturer of boat dock building components and accessories. We were established in 1979. Everything we manufacture is made in the United States, with US Steel, and US workers.

The products shown here are only a small portion of the over 2000 items that we manufacture and keep in inventory for boat dock building and marinas.

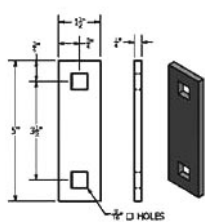

For a complete list of our products check us out on the web at [www.mercoboatdocks.com](http://www.mercoboatdocks.com) or give us a call at 304-737-3006. You can also request a free copy of our 65 page catalog.

Merco Marine can provide simple parts and pieces for your small pond or lake dock to build on site, or we can build entire marinas from start to finish.

WOOD DOCK HARDWARE [WWW.MERCOMARINE.COM](http://WWW.MERCOMARINE.COM) 1-304-737-3006

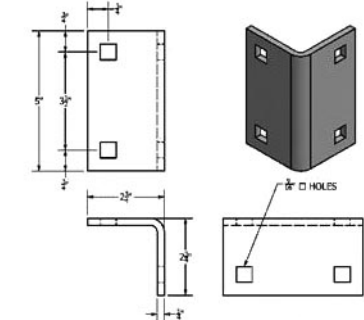

WOOD DOCK HARDWARE

MADE WITH 1/4" HIGH STRENGTH STEEL THEN HOT DIPPED GALVANIZED

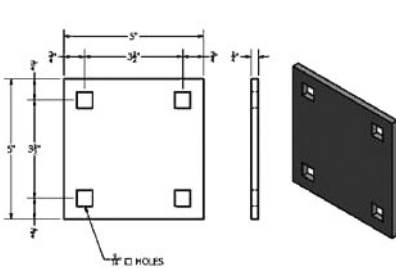

Washer Plates (H-W) are used mostly with Angles (H-A) and Cleat Angles (H-CA). The square hole in the plate keeps the carriage bolts from turning when the bolts are tightened.

H-W Ship#1 \$1.24

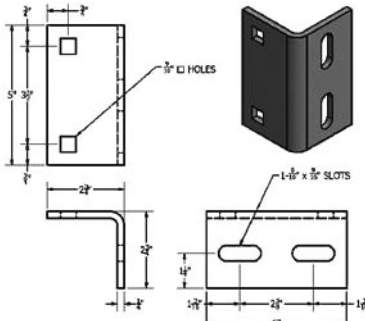

Angles (H-A) used to hold all cross stringers to side stringers using a Washer Plate (H-W). The wood is sandwiched between the steel and creates a solid corner.

H-A Ship#2 \$3.45

Backup Plates (H-B) are used with Single "T" Males (H-SM) and Single "T" Females (H-SF) for additional strength and to keep bolts from pulling through the wood.

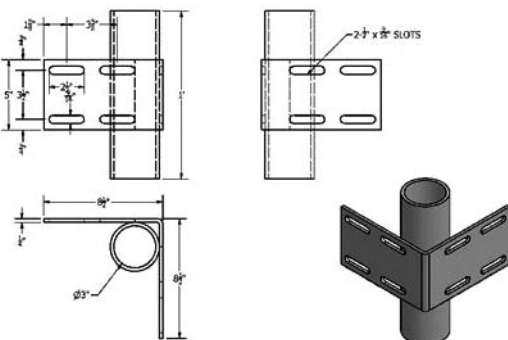

H-B Ship#2 \$3.30

Cleat Angles (H-CA) have slots for various sizes of cleats. The cleat angle is bolted to the side stringer using a Washer Plate (H-W). The cleat is then bolted through the deck into the cleat angle. This keeps the cleat from pulling out of the deck.

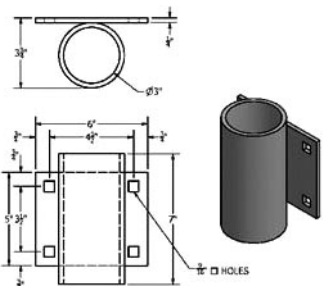

H-CA Ship#2 \$4.88

HARDWARE THICKNESS  
1/4"

Inside Corners/3" I.D. Pipe Holder (H-IC3) has a 3" I.D. pipe holder welded in place. It can be used to replace a regular inside corner. It will accommodate a 2" I.D. pipe.

H-IC3 Ship#13 \$26.31

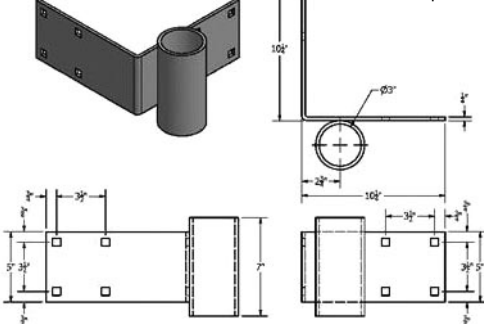

3" Pipe Holder (P-3) can bolt to the side stringer and uses 2" standard pipe to anchor docks in place.

P-3 Ship# 6 \$16.41

3" Pipe Holder (H-OCEP3) outside corner end with a pipe holder welded to the end. 3" opening for 2" pipe. Save money by getting 2 pieces of hardware in one.

H-OCEP3 Ship#11 \$23.19

PILE GUIDES

HOOP PILE HOLDERS

Our convertible Hoop Pile Holders have 3 basic pieces, a deck plate, a hoop and a roller assembly. This allows you to have a hoop pile holder the way you want it, whether it be a permanent hoop, a removable hoop or a hoop with a roller. You can use the roller assembly on the deck plate or bolt it directly to the dock. All parts are hot dipped galvanized. Add a UHMW Roller to any assembly as shown at the bottom of page 19. All assemblies include a deck plate, hoop, roller assembly, and 6 carriage bolts. Fasteners required to bolt to you dock sold separately on page 28.

STRONGER DESIGN!

Our mounting plates are 5" x 2" x 3/8" which are welded to the hoop and are used to mount the hoop to the deck plate. Our mounting plates are 33% thicker and 25% wider than most other hoop mounting plates on the market.

An easy way to determine the diameter of your existing pipe or piling is to measure the circumference and divide by 3.14. We've done the math for you with our Circumference chart to the left.

**Manson HHP Kedge Yacht Anchor, 316L Stainless Steel, 1,300Kg Each (2,866 LBS)**  
These are Manson Kedge stainless steel "Pool" type anchors & are Det Norske Veritas approved as HHP (high holding power), each weighing 1300 kg (2866 lbs). Anchors were removed from a 220' yacht during a refit project that was never completed. In addition to the anchors, we have the matching shackles & the Ideal windlass. Anchors can be sanded & polished to bring back the mirror finish, & this process can be done at an additional cost to the buyer. The inspection certificate is available upon request.  
**US \$79,950.00 Ea. • Item ID: 301891264216**

**Ideal Windlass VF210 Rated 330KN, 50/60Hz, 3-Phase, 230/460V**  
This custom Ideal Windlass was removed from a 220' yacht during a refit project that was never completed. The windlass electric motor is a Marathon model 160LTF4538AA R115/20HP/15kW. In addition to this custom windlass, we have two 1300 kg Manson Kedge "Pool" style anchors and the matching shackles that were removed from the same yacht.  
**US \$49,950.00 • Item ID: 292636494928**

**Detroit Diesel 23519283, 23519289, 23519281, Heat Exchanger Assembly 16V92**  
Upon deposit, item will be sent to a local certified marine heat exchanger shop to have the core bundle cleaned and pressure tested. This "Niagara" heat exchanger. Assembly consists of the following three part #'s: #23519283 (Housing), #23519289 (Core Bundle), #23519281 (Cover).  
**US \$19,950.00 • Item ID: 292910244253**

**MTU 5185309864 / S0001, 518 530 98 64, 8/12/16V2000 Local Operator Panel (LOP)**

## Powered By Kubota

**Phasor Marine**, has begun delivering EPA Tier IV compliant marine generators. These machines are not utilizing EPA flex credit engines as are other marine generator manufacturers, which is illegal. The Kubota diesel engines utilized by **Phasor** are either Tier IV Final or EPA Tier IV Marine Certified up to and including the K4-30.0 kw model. All standard machines continue to utilize the Kubota or John Deere diesel engines coupled to the electrical ends. These engines approved for use with Bio-Diesel B5. New for the 2014 model year are two Ignition Protection Certified models rated at 4.5 kw and 7.0 kw operating at 1800 rpm. These machines are certified for use in gasoline powered boats. All **Phasor's** continue to offer a 5 year limited warranty.

K3 - 9.5 KW

**WE SHIP GENERATORS

## Modular Plastic Pontoons

*The Best Idea Since the Indian Canoe*

**36 and 24-inch Diameter Sizes**

Wilson pontoons are used for pontoon boats, houseboats, barges, work boats, party boats, pumping stations—they're perfect for any application that uses pontoons.

- Molded from sturdy, medium density polyethylene (MDPE)
- **Heavy-Duty:** filled with closed cell polyurethane foam
- **Modular:** separate bow, middle, and stern modules allow for configurations of the most popular application sizes
- **Maintenance Free:** bottom painting recommended if left in saltwater full time. Otherwise, just pressure wash to clean.
- UV protected

- MECHANICAL REQUIREMENTS FOR DISPLAY ADVERTISING**
1. Printing process: Web offset.
  2. Binding method: Saddle stitched.
  3. Trim size 10-1/4" wide by 17" deep
  4. 4 column page format.
  5. Width of single column: 2-1/4" (14 picas)  
Width of two columns: 4-3/4" (28-1/2 picas)  
Width of three columns: 7-1/4" (43 picas)  
Width of four columns: 9-3/4" (58-1/2 picas)
  6. Depth of column: 16-1/4"
  7. Minimum size space unit; one column in. (2-1/4"W x 1"D)
  8. All display ads must be full inches (no fractions).
  9. Ad must be as many inches in depth as it is columns wide.
  10. Publisher accepts: Negatives (right reading emulsion side down); repro proofs; camera-ready art; copy to be set in type. For best results, we recommend the submissions of quality white proofs rather than negatives. (Mail repro proofs flat or in mailing tube).
  11. Black and white halftones: 80 to 100 line screen.
  12. For best quality, submit clear sharp photos.
  13. Page number or position on page not guaranteed.
  14. Contract advertisers are entitled to one complete change of copy every three issues. When change of copy is not received by closing date, copy run in previous issue will be inserted.
  15. The publisher assumes no liability if for any reason it becomes necessary to omit any advertisement.
  16. No cancellations or changes in orders will be accepted after closing dates.

HM-DAVIS-SS

Order# 729663

HAMILTON MARINE EXCLUSIVE!

Traditional Heavy Duty Polyester Gunwale Guard

BACK IN STOCK!

Looks identical, same natural color and weave, to the old-style cotton canvas guard, and it's better! Now made with a heavy-duty, non-rotting polyester cover which is vulcanized to a non-collapsing, air-cell sponge rubber. If you want the old look in a better product, this is it.

Both sizes sold by the foot, 200' coil or 1000' pallet.

3/4 Round

1-1/4" dia with 3/4" flaps.

HM-1518QR

Order# 134053

1/2 Round

Approx. 1-1/2" wide with 3/4" flaps.
